Red Radiance

Helen Gould

RED RADIANCE—An unsurpassed rose for the garden.
RADIANCE—One of the best rosy pinks.
KAISERIN AUGUSTA VICTORIA—The old favorite white for outdoor planting.
ALEX. HILL GRAY—A deep lemon-yellow; flowers large.
HELEN GOULD—Warm rosy-crimson, like color of a ripe-red watermelon.
MRS. AARON WARD—A delightful coppery orange.

Special Price: The SIX Plants from 2½ inch pots, $1.00; Same from 4 inch pots $2.25.
This our only salesman, calling again at your home or place of business, although a silent solicitor, is equipped with every facility to take your order for practically anything needed for your Spring planting. Special attention is asked to our offers of the NEW RED LEAF BARBERRY ARTEMESIA, SELECTED LISTS OF ROSES, CHRYSANTHEMUMS, PERENNIALS, ETC.

We urge that you will, at once, look through the book, make selections you will want now or later, and jot down the items on the order sheet; send it to us with proper remittance, and give date you want the plants sent. We will carefully file the order and send at the designated time. This will often save delay in filling orders that you might send during the rush season in April or May, when orders are filled in turn. Shipping date may be changed if desired by giving us a few days’ notice.

When patronizing us there is no trouble connected with ordering mail size shipments—no zones to figure, no extra postage money to send, for we pay the postage to any Post Office in the United States on any mail size article offered in this catalog. This is a saving of time and trouble for you and is part of our service.

PLANTS ARE GUARANTEED to arrive in good condition; if they do not, we will esteem it a favor to be notified at once. Call and see us. We are glad to greet visitors at any time.

Sincerely yours for best service,

GEO. H. MELLEN CO.

By Geo. H. Mellen, Manager.

EXTRA SELECTIONS FREE

EXPRESS ORDERS

For every dollar you send us for plants, seeds or bulbs to go by express (purchaser paying express charges when delivered) select 20 cents extra. To illustrate: Say you send us $6.00; Select $1.20 extra, or a total of $7.20.

We Fill All Orders as Soon as Received If the stock is ready

Customers who wish their order, or any part of it, booked for shipping at a later date, should state the fact distinctly.

All Plants Are Plainly Labeled All plants are plainly labeled.

Our Plants Are All On Their Own Roots and as long as the plant remains, it will produce the same beautiful flower.

Our Terms Are Cash With Order No order sent C. O. D. unless one-half of the amount of the order be sent to guarantee the acceptance.

Our Plant, Seed and Fruit Departments are entirely separate. If only one part of order is received, please wait a few days for the balance before writing us.

Index On page 56 will be found an alphabetically arranged table of contents. This will greatly assist you.

This Book is Our Salesman from whom our patrons can buy at convenience.

When Best to Order We are fully supplied with fresh seeds and plants and are well equipped for filling orders immediately when this Catalogue is issued, yet our heaviest rush comes in March and April, and it will greatly relieve this rush if customers will order at as early a date as possible.

Order Now Do not wait until you are ready to sow or plant. If you do not wish your Seeds or Plants until some later date, we will ship them when desired.

By Mail We send Seeds, Bulbs and Plants free by mail, at the prices named in this catalogue, to any post office in the United States. This brings them to the very doors of our customers without trouble and expense.

By Express If a package is ordered to go by express, we do not pay the charges; but allow 20 cents extra selection for each dollar of remittance.

OUR GUARANTEE All goods are guaranteed to reach you in good condition; mistakes, if made, will be promptly rectified; examine and count on receipt and notify us at once should there be any errors or damaged stock.

This guarantee not good unless above requirements are complied with. At prices we sell, it is impossible for us to guarantee growth or to be responsible for stock after delivery to our customers in good condition.

OUR FALL CATALOGUE On the first of September we issue a Catalogue of Bulbs and Plants for Fall Planting and Winter Blooming, such as Hyacinths, Tulips, Crocus, Ixias, Freesias, etc. We mail this Catalogue to all our customers of this and last year, and we also send it free to others who wish to order.

(Use this item was accidentally omitted from Shrub pages, but we don’t want you to miss it. You should have one or more.)

ABELIA GRANDIFLORA

An attractive dwarf shrub, suitable for a sunny, sheltered position anywhere the winters are not extreme; with small shiny foliage which is almost evergreen. The flowers are small, but very pretty and numerous, in loose terminal panicles; color, white flushed with pink. This shrub is rarely without some bloom from June into November. Price, strong plants, 8 to 10 inches, 50 cents each; 12 for $5.00.

EVER-BLOOMING HYBRID TEA ROSES

THE HYBRID TEA ROSES are the hardiest of the everblooming roses, standing the winter in the northern latitudes with but little protection, and are perfectly hardy south of the Ohio River without any protection whatever. They bloom continuously throughout the summer. The following collection is selected from the best varieties:

Price, Young Plants, 20 Cents Each; Twelve for $2.00, Except Where Noted. Two-Year-Old Plants, from 4-inch Pots, 45 Cents Each; Twelve for $4.50, Except Where Noted.

Antoine Rivoire Large, full Camellia-shaped flowers. Color, rosy-flush, on a yellow ground, shaded with a border of carmine.

Bessie Brown The flowers are very large and highly built and double; color is a creamy-white with a tinge of pink, quite fragrant, very long season, and yet introduced. Young plants, 25 cents each. Plants from 4-inch pots, 80 cents each.

Crusader Color, rich velvety crimson. Buds and blooms immense and of great substance, very full and double. Foliage heavy and free from disease. Hardy and a profuse bloomer.

Commonwealth A Hybrid Tea, monthly bloomer, fragrant, has large long buds, flower large, open, double and very lasting, solid pink color. Foliage leathery, incurved, rich green, disease resistant, one of the strongest upright growers, splendid for outdoor growing. Hardy without protection excepting in extreme northern states.

Crimson Queen Strong, upright grower, flowers large and full. Foliage is dark green, free from disease, and very profuse. Color, crimson, buds open to deep, rich velvety crimson. It is very fragrant. A good border rose. Price, from 4-inch pots, 60 cents each.

Eugene E. Marliett Constant and profuse, deep and double, and Etole de France The flowers are large and full, of perfect shape, buds open to deep, rich velvety crimson. Price, from 4-inch pots, 50 cents each.

Francis Scott Key The flowers are from large to very large, and of good shape, opening in a high center. The color is a magnificent deep red Rose. Grand for the garden, the cut flower variety. Price, from 4-inch pots, 50 cents each.

Golden Ophelia The flowers is of medium size, from a beautifully formed bud of bright, golden yellow, color, brilliant salmon-pink, of very fine shape, buds sharply pointed. The buds are full and firm, lasting a long time when cut. Price, from 4-inch pots, 50 cents each.

Helen Gould The flowers are full and perfectly double, the buds beautifully made and pointed. The color is warm rose-crimson.

Helen Cambier Great Yellow Garden Rose. The growth is free and vigorous, very free blooming, flowers of splendorous substance and a delightful shade of deep rich yellow, the most brilliant of the large-flowered Hybrid Tea roses. The buds are full and firm, lasting a long time when cut. Price, from 4-inch pots, 50 cents each.

Jonkheer J. L. Mock Vigorous in growth and hardy, with flowers of medium size, a most perfect form and perfect formation; highly tea-scented. Price, from 4-inch pots, 50 cents each.

Killarney The color is an exquisite shade of deep shell-pink, lightened with silvery-pink. The base of the petals is a soft silvery-white, relieved with enough yellow to make it pink. Price, 25 cents each; plants from 4-inch pots, 50 cents each.

Kaiserin Augusta Victoria It is a continuous bloomer producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open; color pure creamy-white.

Lady Plymouth The color is a pearly, delicate but deep ivory-cream, faintly flushed, giving it a most piquant finish that is difficult to describe. Price, from 4-inch pots, 50 cents each.

Lord Charlemont Flowers clear crimson, deepening to carmine as they open. Petals are perfect, devoid of any color blending, and which is retained without fading even when fully open. Price, from 4-inch pots, 50 cents each.

Mrs. H. S. Prentiss Nichols One of the strongest growers, a luminous flame-pink toned with coral and shaded with translucent gold at the base of the petals. The flowers are large and full, of perfect shape, buds open to deep, rich velvety crimson. Price, 25 cents each; plants from 4-inch pots, 50 cents each.

Madsen Jenny Gilmette Buds long and pointed, deep saffron-yellow, opening canary with dark golden shadings; blooms large, petals immense; opens very freely; a fine upright grower of branching habit; exceptionally beautiful, very large in size, bud very long and pointed.

Madame Butterfly Fancy colored Rose. The buds are a lovely shade of Indian red, yellow at the base; they are upright and form and bloom very profusely. All the color tones are strong, making it a Marvel of bright pink, apricot and gold. Undoubtedly it will rank next for color and size of flower. Price, 25 cents each; plants from 4-inch pots, 50 cents each.

Madame Caroline Testout This charming Rose is in great demand. Clear, bright, satiny-pink; flowers very large and extremely showy; quite distinct.

Mrs. Aaron Ward One of the most delightful Roses of recent years in a color that catches the eye at once. Color is in the open bud, golden-orange when partly developed, pinkish-fawn of lovely shade when fully open, when it looks like a full fluffy silk roseette.

Mrs. John Cook White, suffused with delicate pink, descends to petals of exquisite big-flowered beauty. Bud is long and shapely, opens perfectly to a full double flower.

My Maryland Double, flowers a pleasing shade of salmon-pink. Distinct and beautiful. Splendid for forcing.

Miss Amelia Gude A Charming Yellow Rose. Bud long pointed; flower medium size, lasting; outer petals reflexing, deep yellow center, shading to cream. Price, 25 cents each; plants from 4-inch pots, 50 cents each.

National Emblem Dark crimson of perfect shape, habit and fragrance; as a bedding, massing and cutting Rose it is unique. Buds and blooms enormous, opening to large, full, handsome flowers of great beauty.

Pink La France No variety can surpass it in delicate pink shades of pink and cream. It has a satinsheen over all its petals; hardly beyond question, one of the most perfect Hybrid Tea roses ever introduced. Deep pink color possessed by no other Rose. It is a fine grower, free bloomer, good size and form, fragrant.

President Taft It is without question the most remarkable and perfect of the Hybrid Tea roses. Color brilliant rosy-carmine, displaying beautifule paling pink on the edges of the petals that form a luminous flame-pink toned with coral and apricot. Price, from 4-inch pots, 50 cents each.

Radcliffe Color, brilliant rose-carmine, displaying beautiful paling pink on the edges of the petals that form a luminous flame-pink toned with coral and apricot. It is a great garden Rose. Price, from 4-inch pots, 50 cents each.

Rev. F. Page Roberts A most beautifully shaped long lasting rose. Color rich orange-gold, shading to saffron yellow, growth vigorous, and very free flowering. The most beautiful Rose of its color yet introduced. Young plants, 25 cents each. Plants from 4-inch pots, 60 cents each.

Red Letter Day An exceedingly beautiful Rose of infinite grace and charm. Its velvety brilliant, glowing scarlet-crimson buds and fully opened, cactus-like flowers never fade as the reflex of the petals is saliency crimson-scarlet.

Rouge de Claudius Perret A most vigorous grower of erect branching habit, beautiful, brilliant green foliage, long stalks, each flower on a long stalk, the petal edges of the flowers of the same shade and color, which is a very striking feature. Price, from 4-inch pots, 60 cents each.

Sunburst Has long-pointed buds. The color is orange-copper or golden-orange and golden-yellow; edge of petals lighter, quite free, and extremely brilliant in effect. Belongs in the class of Big Roses.

White La France It is identical with La France, except in color. Pure white, sometimes tinted with fawn.

Wellesley A Beautiful Pink Rose—The color is a beautiful salmon-pink, the outline of the petals being bright and clear, with a lining of yellowish pink. Bud is short, stout, and vigorous, healthy grower, carrying the flowers on long, stiff stems.

Wm. R. Smith (The Maiden Blush Rose.) Very vigorous in growth, with large buds; color, cream-white with shadings of pink. Succeeds admirably in the open ground, bringing fine blooms on long, stiff stems.

White Killarney It is pure white in color, long in bud, of a very fine form; in fact it is the one Rose par excellence. It is also a great garden Rose.

ROSE PLANTS we offer are all carefully grown by us on our own roots and guaranteed true.
Seven of the Choicest Recent Rose Introductions

These are All Hardy Hybrid Teas Excellent for Outdoor Growing.

Price, 1-year-old Plants, 35 Cents Each; Any 3 for $1.00; Set of 7 for $2.00. 2-year-old Plants from 4-inch Pots, 75 Cents Each; Any 3 for $2.00; the 7 for $4.00.

WHITE RADIANCE

Surely best of all recently introduced whites, perhaps ever, in hybrid teas. The flowers are of noble size, deep, close-centered, with many petals; ivory at base but otherwise purest white, the broad roll of the edges frost like. One of the surest and most continuous bloomers.

SALMON PINK RADIANCE

This wonderful Hybrid Tea Rose is about as satisfactory a garden Rose as we know of. Strong grower, bearing the greatest profusion of large, splendidly formed, cup shape fragrant flowers of marvelous beauty. Color deep salmon pink. A great garden Rose.

EDEL

Hybrid Tea—Bud very large, flower large double, well built, stately; opens well in all weather; sweet fragrance. Color white with fraintest ivory shading toward base, passing to pure white. Foliage very bold and distinct. A very vigorous grower and constant bloomer. A wonderful new bush Rose.

CHARMER

An ideal bedding type of vigorous, branchy growth, free bloom, and strong resistance to mildew, black spot and other garden ailments. The buds are long and very pretty for cutting, opening out into very full double flowers of pleasing shape and substance. A pleasing shade of pink.

MRS. F. R. PEARSON

This great new Hybrid Tea bush rose is well named. It is the sensation of the rose world. Heavy luxuriant foliage; strong growing, magnificently formed flowers of deepest velvety crimson, massive in size and produced in marvelous abundance; fragrance delicious. One of the greatest roses of recent origin. Very hardy.

PILGRIM

Size of the bud is enormous, produced on heavy stems of great length, opening up full and double and of great substance and ideal form. The color is a beautiful shade of bright rose-pink with lighter shading on outer edges. Of strong, sturdy growth, producing blooms in abundance. Hardy.

PREMIER

This wonderful American Rose has taken the country by storm. Stems stiff and thornless surmounted by grand deep rose blooms of the largest size and build. Handsome foliage.

WE OFFER ONLY TRIED AND TRUE VARIETIES OF ROSES
Our “Garden Collection” of Choice Ever-Blooming Tea Roses

For Outdoor Bedding or Indoor Pot Culture

Price, Young Plants, 20c each; 12 for $2.00. Two-year-old Plants, from four-inch pots, 45c each; 12 for $4.50.

The roses in this collection are highly valued because of their fine colors and exquisite tea fragrance. They will bloom freely from June until November. Some of them, particularly famous for the large size, beauty and brilliant color of the bloom. If planted in the spring so that they may become thoroughly established during the summer, they will, with few exceptions, prove hardy here, with protection during the winter. They are the product of many years of experience and our improved methods of culture, which insure plants of the greatest possible vitality and abundance of bloom.

Alexander Hill Gray
Color is deep lemon-yellow which intensifies as the blooms develop; flowers large, of great substance and perfect formation; it has a high-pointed center from which the petals gracefully reflex. We recommend it highly.

Bridesmaid
The most popular pink Tea Rose. Thousands of this variety are grown every year for cut flowers, and it is also very desirable for summer bedding out of doors. It is a delightful shade of bright pink, very free flowering and easily grown.

Blumenschmidt
Pure citron-yellow, outer petals edged tender rose, a sport from Franziska Kruger, which it resembles in form, and which has a more vigorous growth. Winner of three first premiums.

Climbing Meteor
Its flowers, much larger than Meteor, are richer in color. It is just the Rose to train up the veranda or around the windows, where its great beauty will show up to good advantage. Don’t fail to plant one or more of Climbing Meteor. It will give excellent results.

Clothilde Soupert
Color a French white, deepening to a rosy-blush in the center, exceeding in distinctness of shading the well known Malmaison. Form and substance of the flowers are so perfect that the hottest weather does not cause a deterioration of either, so that even in mid-summer a bouquet of splendid buds and open flowers can be obtained from this variety. Hardy with protection.

Etoile de Lyon
This magnificent Tea Rose, south of the Ohio river, has proved to be perfectly hardy. Blooms in the greatest profusion and each bud is a gem. Flowers very large, double, fully open. Plant the very best for bedding and pot culture. The color is a beautiful chrome-yellow, deepening at center to pure golden-yellow.

Mlle. Franziska Kruger
The striking color of this handsome Rose places it at once in the front as a bud producer in the open air. In its shading of deep coppery-yellow it stands unique and distinct from all others. The flower, when open, is of good size and very symmetrical. One of the finest Roses to plant in masses and clumps.

Helen Good, the Beauty Cochet
This is a true Cochet Rose, and after two years’ trial in the garden we pronounce it as good as, if not better than, any Rose for the garden ever sent out. The color is white suffused with pink, each petal edged deeper.

Marechal Niel, the Most Popular of All
This splendid Rose is one of the brightest colored of all, considered among the very best for bedding and general planting. The color is a rich velvety crimson, exceedingly bright and striking and the flowers are large and regular fully double and borne on nice, long stems. It is a quick and constant bloomer and quite fragrant. Never fails to please.

Perle des Jardins
The bloom is very large, perfectly full, elegant form; flowers large, of great substance and perfect formation. The blooms can be cut with long stems and will last in a fresh state after being cut longer than any known variety.

TENDER CLIMBING ROSES

These are not hardy in the North. In the South or on the Pacific Coast, where they stand the winters, nothing can compare with them for beauty of bud and foliage. Are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

Price, Young Plants, 20 Cents Each; 12 for $2.00. Large Two-Year-Old Plants from 4-Inch Pots, 45c Each; 12 for $4.50.

Climbing White Cochet
Here we have a climbing form that will become as popular as a climber as its parent has as a bush Rose. Grand, huge white flowers, tinged pink.

Climbing Killarney
Color is most exquisite shade of rich imperial pink; deliciously fragrant. It is a strong, rapid grower.

Climbing Meteor
Its flowers are much larger than Meteor, and are richer in color. It is just the Rose to train up the veranda or around the windows, where its great beauty will show up to good advantage. Don’t fail to plant one or more of Climbing Meteor. It will give excellent results.

Emily Gray
A new yellow climbing Rose with glossy, undulated, holly-like foliage. The buds are long and flowers of golden yellow are large and semi-double. A choice acquisition. Needs winter protection north of Washington, D. C.

Marechal Niel
This is one of the best white Roses of its class; flowers of an unusual style, entirely double to the center; very sweet scented.

Souvenir de Pierre Notting
The bloom is very large, perfectly full, elegant form; flowers large, of great substance and perfect formation. The color is yellow, suffused with pink, each petal edged deeper.

The Bride
The blooms can be cut with long stems and will last in a fresh state after being cut longer than any known variety.

TWELVE SPECIAL ROSE FAVORITES
Including the Unsurpassed Bessie Brown and Helen Gould

There are so many beautiful Roses nowadays that it would not be just to say of any twelve, “These are the best,” but we do say that in this set of twelve each one contains the qualities of a high-grade Rose. They are all strong, vigorous growers, bloom abundantly and all are among the hardiest in this ever-blooming class. They will bloom the first season and every succeeding season, all summer long, even the one-year size, but best about them is the beauty of the flowers, in form, color, fragrance, every way; but read the descriptions on preceding pages and then order. If you can only have a few Roses, don’t fail to get this collection. It will give you unbounded satisfaction. We have made the price very moderate, placing them within the reach of all.

Our “Giant” Collection of Large TWIN-YEAR-OLD EVER-BLOOMING ROSES
For Immediate Effect

These bushes are two years old, strong and healthy. They make of course more appearance from the first than does the smaller stock having practically a year the advantage in all respects—an advantage for which we find many persons willing to incur the additional expense.

Japanese Creeping or Memorial Rose
ROSA WICHURAIANA

This is the most desirable Rose for planting on banks, or for slopes or for covering graves. Entirely hardy everywhere.

This charming Rose is of creeping habit, trailing over ground or creeping about the trunks of trees and pillars with delightful effect. It is of intense hardiness, and succeeds in all soils, even in the poorest and driest.

Handsome for covering rockeries, mounds or embankments; especially valuable for cemetery planting. The pure white single flowers appear in greatest profusion during the month of July, while its almost evergreen foliage makes it very desirable at all seasons of the year.

Price, 15 cents each; three for 40 cents; twelve for $1.50; plants from 4-inch pots, 40 cents each; four for $1.50; twelve for $4.00.

EXCITE THE ADMIRATION OF YOUR NEIGHBORS BY PLANTING A BED OF LOVELY ROSES
THE BEST OF THE HARDY RAMBLER ROSES

THESE MAKE INEXPENSIVE PLANTINGS FOR ROAD SIDES AND LONG WALKS

This family of Roses has become so popular everywhere, notably the famous Climbing American Beauty, Pink Dorothy Perkins, White Dorothy Perkins and Excelesia, that extended descriptions are not necessary. They are almost as necessary adjuncts to one's home as the furniture in it. Absolutely hardy everywheres; once planted, they are practically permanent.

Price, 20 Cents Each; 12 for $2.00; Two-year-old Plants, 45 Cents; 12 for $4.50.

Purity (CLIMBING WHITE AMERICAN BEAUTY)—A hardly, disease resistant variety similar to Kaiserin. It is much more double than Silver Moon; but with a single flower to a stem. Has excellent keeping qualities.

Climbing American Beauty Same color, size and fragrance as American Beauty with the addition of the climbing habit. Good foliage, and better blooming qualities. Blooms three to four inches across; has proved perfectly hardy.

Christine Wright The Climbing Pink American Beauty. The flowers come solitary and in clusters, nearly double, 3 to 4 inches across, in a delightful wild-rose shade of pink.

Dr. W. Van Fleet The center is built high, petals beautifully undulated and cupped. The color is a remarkably delicate shade of rosy-pink. It has a compact habit and naturally forms symmetrical bushes about 2 feet across, borne in immense clusters. Color lovely apple-blossom pink with bright golden stamens followed in autumn with red hips. A great Rose to grow in pots for Easter.

Excelsa The color is a intense crimson-maroon, with tips of the petals tinged scarlet. The flowers are large and double, produced thirty to forty on a stem, and almost every eye on a shoot produces a cluster of bright blossoms.

Goldfitch This is the yellow-flowering “Tausendschön.” All know the good qualities of that superb variety.

THE HYBRID POLYANTHAS OR BABY RAMBLERS

This charming class of Roses is the sensation of the last few years. They represent the triumph of productive effort upon Rose growers in bringing the vivid colors, prodigious freedom and beautiful clustering form of the grand outdoor Rambler Roses into the house for winter decoration. Price, 15 cents each; twelve for $1.50. Strong plants from 4-inch pots. 40 cents each; twelve for $4.00.

“Baby Tausendschöns” We have nothing lovelier in Roses than this Dwarf Polyantha with its beautiful bouquets of creamy-white, saucer-shaped flowers, every petal edged with lovely rosy-pink. One of the most beautiful of pot Roses.

Baby Doll This beautiful little “Sweetheart” Rose is a wonder. The color is almost a true scarlet, color, the petals tinged scarlet. The flowers are large and double, produced thirty to forty on a stem, and almost every eye on a shoot produces a cluster of bright blossoms.

Erna Teschendorff Brilliant, rosy-crimson with flowers of good size in clusters. Said to be the best red among Polyanthas.

Gruss an Aachen Yellowish-rose colored with salmon-pink and red shadings; full, strong, free blooming and disease proof; erect and of moderate growth. Owing to the size and beauty of its flowers and its symmetrical growth, this variety is highly recommended for low, bright masses.

Ideal Color brilliant scarlet, overlaid with deep, velvety crimson or maroon. The blooms are single and come in great open clusters all season. The most attractive red Polyantha Rose in existence.

Lafayette This brilliant new “Baby Rambler” rose has taken the rose world by storm. Flowers large as “Paul’s Scarlet Climber.” Produced in enormous clusters, as many as forty flowers in a cluster, continuously from June until frost. Color brilliant cherry crimson.

Mlle. Cecile Brunner Makes a handsome miniature Rose of clean, vigorous growth, usually brilliant foliage. Flowers are strikingly handsome; a warm geranium-red with center of pure white.

Orleans Rose A charming sort of the true Polyantha type, of clean, vigorous growth, usually brilliant foliage. Flowers are strikingly handsome; a warm geranium-red with center of pure white.

Rosa Hugonis This species, recently introduced from China, is unlike any other Rose. It is of shrub-like habit of growth and naturally forms symmetrical bushes about 4 feet high, and the same in diameter; and while not suited to plant in the Rose border, it is an invaluable subject when planted in connection with other shrubs or as single specimens in the garden. Its delicate yellow single flowers are produced on long arching sprays early in May, every branch of the previous season’s growth becomes lined on both sides to the very tips with these attractive flowers, and after it has finished flowering it remains an attractive decorative bush; perfectly hardy. Large field-grown plants, 60 cents each; $6.00 per dozen.

Gardenia Bright yellow cream color when open; very fragrant and free; early flowering. This is the hardy Marischal Niel; double yellow flowering.

Haiantha Its small flowers, deep ruby-crimson, accentuated by a white eye, are uniquely borne in long trails of forty to fifty blooms. This variety is very popular for training on fences, not only as a covering for the fences, but because it is truly one of the prettiest Roses of its kind.

Paul’s Scarlet Climber Vivid scarlet, shaded crimson. Makes a brilliant display for a long period of time in the garden.

Pink Dorothy Perkins Extremely hardy, withstanding the most severe winters with impunity. The flowers are borne in clusters of from six to ten and are very double, with prettily crinkled petals. Remarkably pretty pointed buds, beautiful, clear shell-pink in color, lasting a long time without fading.

Rosarie (Pink Tausendschön.) Similar to its parent Thousand Beauties, except color, which is a solid deep rose with much larger clusters and many more blooms.

Tausendschön, or Thousand Beauties The flowers are the most delicate shade of pink ever seen in a Rose; might be described as a white delicately flushed with pink, changing to rosy-carmine. It gets its name from its many flowers and the variation in coloring.

White Dorothy Perkins A pure white sport of the well-known Dorothy Perkins, of same habit of growth and freedom of flowering; a splendid companion for the pink variety, as it flowers at the same time.

PLAN A ROSE TRELLIS NOW FOR PERMANENT BEAUTY.
THE HYBRID PERPETUALS or "June Roses," as they are commonly called, are the hardiest of all Roses, standing the cold winters of the North. After once planted they require but little care, increasing in size and beauty each year. They are covered with bloom in June, although they bloom considerably through the summer and fall; but the greatest profusion of bloom is to be seen in June. Our collection of this class of Roses comprises such varieties as are most valuable. They are strong plants, grown on their own roots, will grow and give a profusion of fragrant bloom.

**Price.** 20 cents each; twelve for $2.00. Large two-year-old plants, 45 cents each; twelve for $4.50, except where noted.

**Anna de Diesbach** (Glory of Paris). Brilliant crimson, sometimes shaded with bright maroon. Long, pointed buds and large, finely formed, compact flowers, very full and sweet. One of the best.

**American Beauty** Flowers very large, of beautiful form and very double; color a deep, rich rose, perfect ever-bloomer, each shoot producing a bud. This popular Rose is too well known to need further description. Price, small plants, 25 cents each; strong plants, from 4-inch pots, 50 cents each.

**Conrad F. Meyer** This magnificent new Rose is perfectly hardy, and blooms all through the summer and fall. The flowers are four inches across, perfectly full and double. The color is clear flesh-pink, with bright red center; it is very sweet and has the delightful fragrance of the Wild Rose or Sweetbrier. It is extremely free from the attacks of insects, rust or blight. This is certainly a grand variety.

**Clio** The flowers of this magnificent Rose are simply perfection in form with fine, broad petals, and are beautiful at all stages of development from the small bud to the full open flower; color delicate satin-blush, with a light shading of rosy-pink at the center. Very free blooming.

**Eugene Furst** A beautiful velvety crimson, with distinct shading of crimson-maroon.

**General Jacqueminot** Bright, shining crimson, very rich and handsome; makes magnificent buds, and is highly esteemed as one of the best and most desirable for open ground and also for forcing.

**Frau Karl Druschki,** or **White American Beauty** This is undoubtedly one of the grandest hardy pure white Roses ever introduced. Makes splendid buds and immense flowers four to five inches across, perfectly double and delightfully fragrant, large, thick petals, very double and handsome. Bright, shining green leaves, elegantly veined; a healthy, vigorous grower, entirely hardy and a constant and abundant bloomer. Price, 25 cents each. Strong plants from 4-inch pots, 50 cents.

**Glorie de Lyonnaise** This grand Rose is the only yellow Hybrid Perpetual that has been produced. It cannot be called deep yellow, but rather a fine shade of chamois or salmon-yellow, deepest in center, sometimes passing to a rich creamy-white, finely tinted orange and fawn.

**J. B. Clarke** A vigorous grower with handsome foliage, deep red on the young shoots, changing to deep green with age; a free perpetual bloomer; color brilliant crimson shaded scarlet; very large and of exquisite form, with large, smooth petals, slightly reflexed on the edges; does not burn in the sun; very fragrant.

**Madame Masson** An excellent Hybrid Perpetual noted for its constant and profuse bloom. The flowers are large, color a clear, bright rose, highly perfumed. One of the best for planting.

**Madame Planter** One of the old June Roses, at which time it is literally covered with pure white, perfectly double fragrant flowers, which hang on for a long time. Makes large, dense bushes. As hardy as an oak. A beautiful cemetery Rose. One of the best for forming hedges.

**Mme. Charles Wood** Color very bright, rich cherry-red; perfect ever-bloomer, each shoot producing a bud. This Rose blooms the first season and all the time, and is delightfully fragrant. May be called an ever blooming Hybrid Perpetual.

**Magna Charta** Superb, bold, full flowers, very double and sweet, borne erect on stiff, stout canes, bright satiny-pink, tinged with carmine.

**Paul Neyron** Color deep, shining rose, very fresh and pretty, and flowers large, often measuring five inches in diameter, and it has this merit—though very large, the buds always develop fine, perfect Roses. Grown by thousands for its good free-blooming qualities.

**TUBEROUS-ROOTED BEGONIA**

The Tuberous-Rooted Begonia is the fashionable plant of the day, and richly does it deserve its honors, for in addition to very handsome foliage, it bears a never-ending profusion of the most ravishingly beautiful flowers the whole summer, and then with the coming of cold weather, very obligingly takes a nap until spring, asking no further care through the winter than to be packed in soil away from frost. The enormous size and intense brilliancy of the flowers astound those who have never seen any but the ordinary house Begonia. The bulbs can be started from March to June and will be in full bloom. Must be kept from direct sunshine. A good place for them is on the north side of a house or grape arbor.

**SINGLE**—White, rose, scarlet. Price, 25 cents; dozen, $2.50.

**DOUBLE**—White, salmon, rose, scarlet. Price, 25 cents; dozen, $2.50.
HE average householder must depend upon his garden for the Mum show; and is naturally limited to the Earlies, Midseasmons, Pompons, etc., which will bloom freely during the fall and before winter sets in. The Pompons particularly make charming potted specimens for the house during early winter. If in a locality where frosts are likely to occur before September 15th, it is best to place the young plants in 5-inch pots and sink the pots in the ground; then they can be readily taken up in September and put in a protected place. IF VERY LARGE FLOWERS ARE DESIRED, ALL SIDE BRANCHES EXCEPT 2 OR 3 SHOULD BE KEPT PINCHED OFF; THEN WHEN BUDS APPEAR TAKE OFF ALL BUDS EXPECT ONE AT END OF BRANCH. THEY MUST BE WELL WATERED, AND KEPT IN A COOL ROOM OR GREENHOUSE, BUT NOT SUBJECTED TO FIRE HEAT MORE THAN TO KEEP OUT FROST. The small, black flies which attack the stems may be destroyed by frequent sprinkling of tobacco dust or tobacco water.

CHRYSANTHEMUMS ARE THE MOST BEAUTIFUL FLOWERS FOR THANKSGIVING.
HARDY POMPON CHRYSANTHEMUMS

The elegant Pompom Chrysanthemums are entirely hardy and live out over winter without protection. They begin to bloom in September and continue loaded with flowers until stopped by freezing weather. The flowers are small and round, most of them perfectly double and of exceedingly brilliant colors. The brightest and most showy autumn flowers we have, and always greatly admired.

Price, Strong, Thrifty Plants, 15 Cents Each, Twelve for $1.50.

Captain Cook Taller in growth than the average Pompom, and early; the color is a lovely shade of rose-pink, brilliant and free from lavender tones. Makes a prime commercial "bunch" which is what the wholesaler wants.

Christmas Gold A late flowering. Very bright yellow, producing flowers one inch in diameter and does not mature until December. Best for the South.

Flora Bright red with scarlet shading; much the color of Jules La Gravere and a free, easy grower with good stems and full sprays. Midseason.

Golden Feather One of the handsomest of tawney-yellows, bearing long stemmed sprays of individually perfect flowers—in wonderful profusion this is a variety quite by itself. Brilliant old-gold describes it.

Ida By far the best true yellow of its date, October 15th—fine producer per plant, with good stems.

Lillian Dotty It is much the finest pink in the large flowered section of the entire Pompom family. The plant is a tremendous grower and will make stems four and five feet long, producing beautiful sprays of clear, light pink flowers.

Marina Large flowered and snow-white, on long stiff stems; when grown to a single stem, it is absolutely perfect; can be disbudded five or six flowers to a plant.

New York Another grand addition to the handsome golden bronze series of this color, one of the most brilliant; fine in every way.

November Gold Latest fine yellow; color could not be better; upright growth on stiff stems, and perfectly formed, smooth flowers.

White Wings Flower beautifully formed, snow-white, on long stems, a marvelous producer; best when partially disbudded.

Western Beauty Flower large; deep rose-pink; stiff upright growth.

Single-Flowering Chrysanthemums

The innate love of simple, graceful form; the desire for artistic effect, have combined to popularize the Single Chrysanthemums. We offer the following choice collection of varieties. 15 CENTS EACH; THREE FOR 40 CENTS.

Bronze Buckingham Same as its parent, Mrs. Wm. Buckingham. Flowers of wonderful size Color beautiful shade of bronze.

Mrs. Wm. Buckingham Is another big, flat flower with petals of wonderful texture, the loveliest shade of soft rose-pink—very lasting both on and off the plant. Long stemmed; one of the very best.

Light pink, very finest for Thanksgiving. A worthy running mate for Mrs. Buckingham. Fine when disbudded.

Mrs. E. D. Godfrey

ANEMONE CHRYSANTHEMUMS

The Anemones are distinct garden kinds and very useful when cut in sprays for floral decoration. Plants grow 2 to 3 feet; and bloom extravagantly with clustered flowers. The central cushion or disc of dense, short quills, rests on one or more layers of usually flat ray florets.

WE OFFER THREE VALUABLE SORTS

Price, 15c each; 3 for 40c; $1.50 dozen.

Blanche One of the largest, snow-white, very perfect in form, large, finely rounded cushion, and showy ray petals.

Sunshine Crowded sprays of intense yellow.

Izola A true and even shade of amaranth, equally desirable grown in sprays or single stemmed. Three and one-half feet.

CARNATIONS!

Price, 15 Cents Each; Twelve for $1.50.

Plants in the open ground make large specimens; when brought indoors in the fall, produce flowers throughout the winter. Pinch the plants back frequently during the growing season.

Aviator Among the newer red carnations, there is no more satisfactory and pleasing kind than this. It is good sized, bright scarlet.

Benora Clear white, penciled with bright red. Flowers large, freely produced.

Enchantress Supreme A light salmon pink which does not bleach in full sun, and is not liable to split.

Matchless This white variety is well named; easy to handle; comes into bloom early, and is quite continuous.

DWARF DOUBLE FLOWERING, HARDY SCOTCH OR SWEET MAY PINKS

PRICE, 15 CENTS EACH: 2 FOR 25 CENTS; 12 FOR $1.25.

Pocahontas The flowers are full and double, finely fringed, borne in profusion on long, straight stems; color is a deep, lustrous carmine-crimson.

White Enchantress This is today one of the finest white Carnations.

SPECIAL QUANTITY PRICES TO CHRYSANTHEMUM SOCIETIES, CLUBS AND CHURCH ORGANIZATIONS

We offer Chrysanthemums described on pages 10 and 11, in lots of not less than 25 and not less than 5 of any one variety, as follows. 15c varieties—25 for $2.75; 50 for $5.00; 100 for $10.00. Shipment by express at customer’s expense.

“DELIGHT” COLLECTION OF 12 CHRYSANTHEMUMS, OUR OWN SELECTION. FOR $1.25

If you will leave the selection of varieties to us we will send you twelve Chrysanthemum plants in well assorted and meritorious kinds for $1.25, postage paid. All will be labeled, but must be strictly of our selection.

Pocahontas The flowers are full and double, finely fringed, borne in profusion on long, straight stems; color is a deep, lustrous carmine-crimson.

White Enchantress This is today one of the finest white Carnations.

DOUBLE FLOWERING, HARDY SCOTCH OR SWEET MAY PINKS

PRICE, 15 CENTS EACH: 2 FOR 25 CENTS; 12 FOR $1.25.

Dwarfier than the Carnation, growing about one foot in height, the colors various shades of maroon, carmine and rose, banded and banded on white ground; perfectly double, clove-scented, hardy.

Abbottsford Deep, carmine, marbled with white.

Her Majesty Unquestionably one of the finest of the century. Color pure white.
Double-Flowering Geraniums—General Collection

Plants Offered Are From 2½-Inch Pots. Price, 15c Each; Twelve for $1.50, Except Where Noted.

Beaute Poitevine
Semi-double. One of the very finest of the Bruant race. The color is a brilliant salmon, shading to apricot in the center; trusses colossal, flowers two and one-fourth inches in diameter.

Alphonse Ricard
An excellent semi-double, a strong grower, dwarf and branching. Produces immense trusses of bloom; color bright orange-red.

Jean Viaud
Of a beautiful clear, rosy-pink color with distinct white blotch at the center. A rapid, vigorous grower, yet compact and shapely.

New Geranium Red Barney
"Any Geranium with the Barney name is good enough for me," remarks a visitor. A pleasing color of rich red and a wonderful bloomer. Price, 25 cents each; $2.50 per dozen.

Duchess De Montmort
Trusses of enormous size; color brilliant purple, nearest we have to the blue Geranium. Highly recommended.

Flat—New
Flowers very large, immense trusses on long, rigid stems; semi-double. Plant remarkably free from bloom, being a mass of flowers until the end of the season; color rich salmon, shaded orange, edge of petals a brighter shade than the rest of the flower; a beautiful and distinct variety. 30 cents each; 12 for $3.00.

Francis Perkins
Color a bright pink. The blossoms are above the foliage. One of the most beautiful among that color known as the peach-pink; the florets are especially well formed, just semi-double enough to be pleasing; the trusses are actually immense. The habit is exceptionally strong and vigorous, very free bloomer, foliage distinct, and one of the type that stands the sun perfectly; color of foliage dark green, with a slight chocolate zone.

Marquis De Castelaine
A plant among Geraniums. Produces a wealth of bloom the whole season. Petals broad, arranged to form a round flower of perfect shape. Color deep rosy-scarlet, shading into pure scarlet at the edge of upper petals.

Miss Frances E. Willard
Of a beautiful clear, rosy-pink color with distinct white blotch at the center. A beautiful, dwarf and branching. Produces immense trusses of bloom; color bright orange-red.

Jean Oberle
One of the most beautiful among that color known as the peach-pink; the florets are especially well formed, just semi-double enough to be pleasing; the trusses are actually immense. The habit is exceptionally strong and vigorous, very free bloomer, foliage distinct, and one of the type that stands the sun perfectly; color of foliage dark green, with a slight chocolate zone.

Miss Pantry
Color a delightful pink. The blossoms are above the foliage. One of the most beautiful among that color known as the peach-pink; the florets are especially well formed, just semi-double enough to be pleasing; the trusses are actually immense. The habit is exceptionally strong and vigorous, very free bloomer, foliage distinct, and one of the type that stands the sun perfectly; color of foliage dark green, with a slight chocolate zone.

Mrs. Buckner
A pure double white Geranium, as free-flowing as the single varieties; can be used for planting in beds for furnishing a supply of beautiful white flowers for vases, etc.

Mrs. Lawrence
Finest Geranium of this color that we have ever seen; splendid compact habit of growth; wonderfully free flowering; indispensable as a pot plant, recommended for winter blooming. Unsurpassed as a tender. The color is an artistic shade of bright satiny salmon-pink, slightly tinged white.

Pink Beauty
Absolutely the only double pink Geranium that does not fade in summer. One of the most free and continuous bloomers, the flowers of a well-grown plant completely covering the foliage. 30 cents each; 12 for $3.00.

Radio Red
A strong, vigorous grower, truss of the largest size and borne well above the foliage on very strong stalks; color is of the richest scarlet, one of the most profuse-blooming bedding; the foliage very broad and stands the sun better than almost any other Geranium.

Red Wing
This is a fine American Geranium just offered for sale. It has all the marks of a successful bedder or pot plant; being a healthy, robust grower, large-flowered and extraordinarily floriferous. Color deep cardinal-red with a soft velvet luster.

S. A. Nutt
This is the darkest and richest double Geranium grown. It is very bright, dark, deep, rich velvety maroon, an excellent bedder and a perfect pot plant.

Mrs. Pollock
A magnificent variety, the green leaf disk over-laid by a beautiful bronze-red zone, belted with bright crimson and outwardly margined with golden-yellow; very fine for the parlor or conservatory during the winter.

Happy Thought
A tri-color Geranium with very dark green foliage, having a light creamy, almost pure white center with a dark zone. Flowers bright scarlet.

Silverleaf S. A. Nutt
A new introduction with liberal, healthy, remarkably beautiful variegated foliage, the green and creamy-white being about evenly apportioned; of the same general form, freedom, character and deep crimson color as the famous S. A. Nutt.

Pink Happy Thought
A novelty in tri-colored geraniums. Foliage is identical with Happy Thought, but flower is pink instead of scarlet.

GERANIUMS MAKE A PRETTY FLOWER BED.
New Red-Leaved Barberry

A highly important introduction among shrubs, giving us for the first time a practical easily grown shrub of medium height, with good, distinctly red foliage. This must prove a boon to all types of landscaping, where studied contrasts are to be worked out with the shrub foliage depended on for colors—habit, leaf-formation and fruiting, but—whereas the original is a deep green from spring until fall, this variety starts off in its first foliage a warm bronzy red; the heat of summer intensifying its red brilliancy; autumn adding other tints to its richness. The abundant scarlet berries persist throughout winter along the spiny twigs. A sunny exposure is necessary to bring out and retain its full red color.

PRICE—Bushy plants, 8 to 10 inches, 50 cents each; 3 for $1.40; 12 for $5.00. 6 to 8 inches, 30 cents each; 3 for 75 cents; 12 for $2.50.

Artemisia Silver King

(The New Misty “Mixer” for Bouquets.)

Here is something new and outstanding. A strikingly effective white leaved contrast plant. A beautiful “mist” for setting off bouquets and floral combinations. A splendid filler for Canna beds, Larkspurs or other tall plants. Silver King is a vigorous quick growing plant with a close network of branches, fine stemmed and slender leaved. The opening leaf buds gleam like tiny beads, the entire color-effect bright frosted silver. The plants are matured and very showy early in summer, growing into compact symmetrical globes up to 3 feet high, which remain objects of beauty until lost against Winter’s snowy background. Long sprays may be cut to mix with flowers (pink rose-buds being a favorite association), and the tops may be cut out to hold a desired height. Various tests in colder sections than ours, have proved it a hardy perennial.

PRICE—From 2½-inch pots, 20 cents each; 3 for 50 cents; 12 for $2.00.
The Famous Cochet Roses

They stand at the head of the list and are not surpassed by any others in beauty or productiveness, and no difference what other Roses you have, you want the Four Great Cochet Roses also.

They should be included with every order. They are all Hardy Hybrid Teas.

Special Price: The Set of FOUR from 2½ inch pots, 75 cents; Same from 4 inch pots, $1.75.

YELLOW COCHET
(Mme. D. Matrat)

It is a fitting companion to those other grand summer Roses—the White and Pink Cochets. Flowers large, perfectly double and shapely, of a rich sulphur-yellow.

PINK MAMAN COCHET
(The Queen of all Garden Roses)

Such beauty and exquisite form as is possessed by this variety is well-nigh marvelous. The buds are beautiful, large, full and firm, and elegantly pointed; color is rich, clear pink, changing to silvery-rose.

WHITE COCHET

The flowers are large and very double, with petals of unusually heavy texture, making it of more than ordinary value in open ground.

RED COCHET
(Mrs. B. R. Cant)

A fine garden variety of even shade of deep rose or red. It flowers continuously and freely and is especially fine in autumn.

HANDSOME PELARGONIUMS

BETTER KNOWN AS LADY WASHINGTON GERANIUMS

The Grandest of All Flowering Plants

Do not resemble the common Geraniums in any particular, either in foliage or flower; more beautiful in every way. We here offer six distinct sorts, every one entirely different in color and every one a beauty. The Lady Washington Geraniums are the handsomest of all flowers—once seen, never forgotten.

<td>Easter Greeting This new species is the earliest of all Pelargoniums, with enormous florets and clusters, having light green foliage and of dwarf, robust growth. It blooms from March until fall. The florets are of a fiery amaranth-red with five regular shaped spots. The first and only kind to bloom as well bedded out as in pots and to do so all summer. The only kind that stands bedding out in groups. It rivals the Azalea in beauty as a pot plant for Easter, and when bedded out in summer will remain in bloom until time for frost in September.</td>

FLOWERING BEGONIAS

This Beautiful class of Plants is Deservedly Popular. They are suitable for Pot Culture in the Window for Winter Blooming. We can furnish Flowering Begonias from 2½-inch Pots, 20 Cents Each, 12 for $2.00, EXCEPT WHERE NOTED.

ARGENTEA GUTTATA

This variety is an introduction of M. Lemoine and is a cross between Olbia and Alba Picta. This beautiful sort has the silvery blotches of Alba Picta, the grace and beauty of growth of Olbia. It has purple bronze leaves, oblong in shape, with silvery markings, and is in every way a most beautiful Begonia. Produces white flowers in bunches on ends of growth stems. Good for house culture.

ALBA PICTA—Long, pointed, slender leaves, thickly spotted with silver-white. Foliage small and elegant.

ALBA PERFECTA GRANDIFLORA—We doubt if there is a white-flowered variety that equals it. The foliage resembles Rubra in shape, but it is lighter green, while the flower panicles are much handsomer. It is a pure white flowering Begonia.

CHATTELLAINE SUPREME—This Begonia is undoubtedly the freest blooming variety known. It is of easy culture, low bushy habit and literally covered the entire year with a wealth of bright pink flowers with yellow stamens. It well merits the name of Ever-Blooming Begonia.

PICTA ROSEA—Very compact in growth, forming a dense, well-proportioned bush with rich green foliage, spotted with silver. Flower rosy-flesh color shaded with a silvery-pink and enlivened with dense clusters of yellow anthers. Most wonderful flowering Begonia within our knowledge. It produces white flowers in large clusters well above the foliage. The plant has a fine foliage.

THURSTONI—The upper side of the leaves is a rich purplish-red, the veinings very prominent, while the face or upper side is a bronzy-green, shaded with crimson and olive, with a peculiar glossy-metallic luster over all. Flowers rosy-white, in large clusters well above the foliage. The plant has a fine foliage.

FOLIOSA—A handsome basket plant, the foliage is small and delicate, and contrasts well with its white bloom, very elegant.

SANDERSONI—Bushy growing variety; glossy deep green leaves; flowers in clusters of drooping, scarlet, heart-shaped buds.

RED CHATELLAINE—It is a sport from Gloire de Chatellaine and is exactly like it in foliage and habit, but color of flower is a bright scarlet. Fine for pot culture.

Hardy Bedding Begonia EVANSIANA

This is a tuberous-rooted, herbaceous, hardy perennial Begonia, losing its tops in the fall. When bedded out, the bulbs remain in the soil and start new growth in the spring. The plants like a rich, porous soil and partial shade and will bloom throughout the summer. Produces clusters of flowers and buds of a beautiful pink color by the hundreds during an ordinary growing season. Price, 20 cents each; four for 75 cents; dozen, $2.00.

GRACILIS LUMINOSA—(Red.) Strong and robust. The most free-flowing of all Begonias, always in bloom—spring, winter and autumn. The flowers, when first opening, are a bright cherry, changing to a clear coral-red. Its foliage is rich glossy green, often shaded deep bronze.

M. DE LESSEPS—The leaf is of silky texture, and is beautifully spotted with silver. Very strong, free-growing variety, that will succeed with any ordinary care, growing rapidly and sending out quantities of beautiful white and pink flowers.

FLOWERING BEGONIAS MAKE LOVELY GIFTS.
CANNAS Most Popular Bedding Plants

THESE ARE THE MOST POPULAR AND MOST MAGNIFICENT OF ALL SUMMER-BLOOMING PLANTS FOR BRILLIANT BEDDING AND MASSING.

The improvements made in the Canna in the last few years in size and diversity of color place it in advance of all other plants for bedding purposes. We have the cream of all the late and standard sorts. Having discarded all those that show weak points, our customers cannot go wrong on any of these varieties, as every Canna offered has some points of merit. Remember, too, that our Cannas are started plants, and not dormant roots, as are often sent out.

FOR SPECIAL OFFERS IN CANNAS FOR BEDDING AND MASSING AND OTHER PLANTS FOR BEDDING, SEE PAGE 3.

Price, Except Where Noted, 15c Each; 12 for $1.50; 100 by Express, $11.00.

**Burbank** True bright buttercup-yellow; large beautifully formed flowers in fine, large handsome trusses; stands unfavorable weather better than almost any other kind, and always shows up bright and clear, and is undoubtedly the best and most beautiful pure bright, deep canary-yellow Canna in existence. Three feet. Green foliage.

**City of Portland** This is one of the most beautiful pink Cannas. A fine bedding variety; well filled trusses of large flowers. Green foliage. Three feet. 25 cents each; twelve for $2.50; 100 for $18.00.

**David Harum** Prolific flowers. Green foliage. Three feet. 25 cents each; twelve for $2.50; 100 for $18.00.

**Florence Vaughan** Bright, rich, golden-yellow, spotted with red; of large size and perfect form. Four feet. Green foliage.

**Gustav Gumpfer** An ideal yellow bedding sort, possessing the practical qualities of compact, bushy growth; free and continuous blooming; self-cleaning habit; flower heads well extended above the green foliage and characteristically uniform in spread; in color the richest kind of orange-yellow, which rarely fades. Three to four feet. Leave deep green.

**Golden Gate** (Four feet.) The flowers open pure gold but soon become rayed with orange crimson and apricot, centering to the throat. Unusually attractive. Rich green foliage.

**King Humbert** A cross between the Crozy and Orchid-flowered families. Flowers are as large as those of any of the Orchid-flowered Cannas, yet have the firmness and substance of the Crozy type. Bright orange-scarlet streaked with crimson. Foliage bronze, with brownish-green stripes. Grows four to four and one-half feet. Price, 20 cents; twelve for $2.00; 100 for $16.00.

**Lafayette** Height, five feet. The flowers are almost scarlet, intensely vivid and very striking. A taller growing, more compact counterpart of that marvelous red bedder Meteor.

**Meteor** Immense heads of large, rounded flowers well displayed above the green foliage; brilliant crimson. Flowers keep well and are self-cleaning. Four feet.

**Orange Bedder** Four feet. Color bright orange with enough scarlet suffusion to intensify the dazzling mass of color.

**Panama** (Three feet.) Color rich orange-red with a border of golden yellow. Flowers of large size with enormous wide petals.

**Richard Wallace** (Green Foliage)—(Four feet.) One of the largest and finest pure yellows yet grown. Flowers enormous and color fine.

**Souv. de Antoine Crozy** (Three feet.) Beautiful red of golden yellow.

**The President** Grandest Red Canna in existence. In color, a rich, glowing scarlet, and the immense, firm, rounded flowers, seven inches across when open, are produced on strong, erect stalks well above the large, rich green foliage. "The President" is superior to any other red variety in the quantity and also quality of bloom, and the firm foliage. "The President" is superior to any other red variety in the quantity and also quality of bloom, and the firm flowers resist drought and heat to a remarkable degree. Mr. Wintzer says, "This is one of the most marvelous Cannas ever produced." Four feet. 25 cents each; twelve for $2.50; 100 for $18.00.

**Statue of Liberty** An extremely vigorous grower with orange-yellow flowers. Six feet.

**Venus** (Green-leaved.) Long erect stems bear trusses of large size, perfect form and ever-clean freshness. The large oval petals are exquisitely variegated; warm rose-pink, mottled near center, and edged with creamy-white. Makes a very pretty cut flower. Height, 4 feet. 20 cents each; twelve for $2.00; 100 for $16.00.

**Yellow King Humbert** Immense flowers that are as large as the Orchid-flowering Cannas. Color, golden-yellow, evenly and distinctly spotted red. This Canna ranks up with King Humbert. We have no hesitancy in saying there is no better Canna grown. Has green foliage.

SEE PLANTING TABLE ON PAGE 3.
Adiantum Cuneatum (Maiden Hair Fern) is a very beautiful plant that grows rapidly into handsome plants. Its fronds are much used for cut flower work on account of their lasting quality.

Pteris Cretica Alba Lineata is a handsome Fern, with fronds shaped like a Rose leaf. The fronds are fine for cutting and become specimen plants, although it is coarser than the Verona Fern. It has a distinctive frond arch that makes it stand up better than most varieties of the Lace Ferns. This handsome new variety originated with us.

Innisfallen. New Fern INNISFALLEN

This handsome new variety originated with us. It is of the Elegantissima type, a strong and rapid grower, handsome green foliage, and has a stiff mid-rib which makes the fronds stand up better than most varieties of ferns. It has a distinctiveness of its own and is most desirable in all respects.

Price, young plants, 25 cents each; large plants, 60 cents each.

We have some extra fine large Ferns, in five-inch pot in following named varieties:

all of which are fully described on this page. These should, for best results, be shipped by express, but can be sent by mail nearby. Price, $1.00 each, any four for $3.50; by express, not prepaid. If wanted by mail, add 15 cents each.

Dwarf Growing Ferns For Dishes

We have grown a large quantity of small Ferns suitable for Fern dishes. The use of ferneries as ornaments for the dinner table is now very general. Nothing makes so fine an ornament, or is so well adapted for the purpose.

Crytomium Falcatum (Holly Fern.) We consider this one of the finest Ferns in cultivation to grow into specimens, and while it is coarser than the Tremula Fern, it is very graceful and is becoming very popular. The leaf is a rich, glossy green, and each leaflet is about the same and size of a Rose leaf. The fronds are fine for cutting on account of their lasting quality.

Pteris Wimsettii Green leaves, with the ends very peculiarly twisted. It is one of the best and most useful Ferns. The fronds are fine for cutting.

Adiantum Cuneatum (Maiden Hair Fern) A very beautiful and graceful Fern, its delicate fronds being much used for cut flower work.

Pteris Cretica Alba Lineata A very handsome Fern, nicely variegated, grows very rapidly into handsome plants.

Roosevelt Fern.

The use of ferneries as ornaments for the dinner table is now very general. Nothing makes so fine an ornament, or is so well adapted for the purpose.

We recommend this variety most highly.

Verona A handsome new variety of the Elegantissima type, somewhat resembling N. Whitmanii, but with finer "Ostrich Plume" foliage, and with a stiffer mid-rib, which makes the fronds stand up better than most varieties of the Lace Ferns.

Ostrich Plume Fern (Nephrolepis Whitmanii) An improvement on the Nephrolepis Elegantissima, with still more gracefully divided pinnae, giving the whole plant an airy lace-like appearance; makes beautiful symmetrical plants even in small sizes and large specimen plants are beautiful beyond description.

Nephrolepis Sparrowii We take pleasure in offering to our customers this valuable variety, a true sport of the Neph. Superbissima (or Fluffy Ruffles) Fern. It has the dark green foliage of its parent, which, with its beautiful created fronds, makes it a most unique, distinct and desirable Fern. One of the most distinguishable features of this Fern is its robustness, which makes it a very rapid and easy grower, a Fern the amateur can grow with success. We recommend this variety most highly.

The New Roosevelt Fern (Nephrolepis Roosevelt) In general characteristics it resembles the Boston Fern, but with two points of over that variety. First it produces many more fronds, making it a bushier and handsomer plant; then the pinnae are undulated, giving it a pronounced wavy effect seen in no other Fern. It is highly recommended.

The Popular Boston Sword Fern (Nephrolepis Exaltata Bostoniensis) In the vicinity of Boston no other plant is used to extensively as this graceful Nephrolepis, which differs from the ordinary Fern in having much longer fronds, which frequently all in a length of four feet. These fronds arch and droop over very gracefully, on account of which it is frequently called the Fountain Fern.

"Teddy, Jr." (Dwarf Roosevelt) A new dwarf form of the popular Roosevelt Fern; a grand compact grower, making splendid specimens in medium size plants.

The "ROOSEVELT FERN"

(Nephrolepis Roosevelt) — In general characteristics it resembles the Boston Fern, but with two points of over that variety. REX BEGONIAS

Beefsteak Begonia (Feastii) A low, spreading Begonia, with perfectly circular leaves, red beneath, and dark, glossy green above, and of heavy texture. The finest pot Begonia we have for house culture. **Price, 25¢ each; 3 for 65¢.**

Speculata Belongs to a novelty in the Rex type. Leaves are in the form of a grape leaf. Color is a bright green, with a background of chocolate; veins of a light pea-green, the whole leaf spotted with silver. In bloom it is magnificent; the panicles composed of great numbers of individual pink blooms are lifted high and spray-like quite clear of foliage. **Price, 20 cents each; 3 for 50 cents.**

Mrs. A. C. Townsend Belongs to the Ricinifolia family; leaves are unusually profuse bloomer; flower of a delicate light pink, borne on long foot stalks. **Price, 25¢ each; 3 for 65¢.**

UNNAMED REX BEGONIAS

The broad leaves, high coloring and exquisite markings of Rex Begonias make them invaluable as decorative plants for house culture. Give them a soil composed of rich loam, woods earth and sharp sand. They require a warm, moist atmosphere and a shady situation. Do not allow the sun to strike the leaves while wet, and do not overwater. They may be planted in a shaded situation under trees or alongside of the house. Rex varieties make immense leaves. We can furnish REX BEGONIAS in choice sorts at 25 cents each, 3 for 65 cents.

DRACAENAS

**Palm Kentia Belmoreana**

The Kentias are among the best of the Palm species for general cultivation. This variety is one of the best in its class—graceful habit, bright green foliage, gracefully disposed; as a decorative plant for the window, dinner table or conservatory it scarcely has an equal. **Price, medium, 75 cents; larger, $1.50.**

**Palm Kentia Fosteriana**

This is one of the finest plants imaginable, and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are deep, glossy green, fan-shaped, split deeply into segments. **Price, medium, 75 cents; larger, $1.50.**

**Dracaena Indivisa**

—Of all the plants in use for center of vases, baskets, or for beds in the open ground, nothing is so valuable as this. From its graceful drooping habit it is sometimes called the “Fountain Plant.” **Price, 15 cents each; three for 40 cents; extra large, 40 cents; three for $1.10.**

**Dracaena Lord Wolseley**—Superb species; foliage decided mahogany red. Most admired of the decorative species, its lively coloring gives it marked value. Rapid grower. **Price, 50 cents each; three for $1.25.**

**Dracaena Mrs. E. Andre**—One of the finest high colored varieties yet introduced with heavy bronzy foliage developing to an intense brilliant rosy crimson. **50 cents each; three for $1.25.**

**Ficus Elastica**

(India Rubber Tree.) Very large, smooth, leathery leaves, evergreen foliage. Generally esteemed one of the finest house plants grown, the plant attaining a large size and tree shape. **Price, 12 inches high, 75 cents; 18 inches high, $1.00; 2 feet high (by express only), $1.25.**

**Pandanus Veitchii**

One of the most attractive plants. Leaves light green, beautifully marked with broad stripes and bands of pure white, and gracefully curved. **Price, 4-inch pots, 75 cents each; 2 for $1.25.**

Asparagus Plumosus.

**Asparagus Plumosus Nanus**

(Lace Fern.) One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest siken mesh. Their lasting quality when cut is remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture and richness of color. **Price, 15 cents each; three for 40 cents; large plants in four-inch pots, 40 cents each; 3 for $1.00.**

Asparagus Sprengeri.

**The Charming Decorative Plant Asparagus Sprengeri**

Not only is it useful for cutting in sprays for fine cut flower work, more particularly in connection with large Roses, etc., but grown in suspended pots, it makes one of the prettiest decorative house plants we know of. Used in decorations, as for example in the decorations of mantels, nothing can equal it. **Price, 15 cents each; three for 40 cents; large plants from four-inch pots, 40 cents each; three for $1.00.**

CULTURE OF CACTUS

The plants should always be kept more or less dry. However, it is well that the plants be given a light sprinkle once a week; they are able to go for a long period without any water at all and remain alive.

The Cacti may be planted either individually in pots or collectively in bowls.

When the plants are arranged in bowls without drains, the top level of the soil should be above the level of the bowl so that most of the water will run off. Enough will penetrate to moisten the soil. There should never be enough water at any time for the water to stand in the bottom of the bowls. This sours the soil.

CHRISTMAS CACTUS

"Never Fails to Flower"

PURPLISH SCARLET BLOOMS

An early flowering variety, with long drooping flowers, borne in great profusion. Stems branching and hanging in bunches. It grows and blooms with the greatest ease, requires absolutely no care, living for months without water, increasing in value yearly. 30 cents each; 3 for 75 cents.

IMPROVED BABY PRIMROSE

20 cents each; three for 50 cents.

The smallest flowered of all Primroses. Blooms practically all the year with good sized trusses of dainty little rosy-like flowers.

BRUGMANSIA, or Angel's Trumpet

Grows easily, blooms freely, and the flower is something to be proud of. The Brugmansia blooms indoors in winter and in the garden in summer. The plant has large, tropical leaves, with blooms 8 inches long by 6 inches wide at the mouth, resembling a trumpet, hence, the name "Angel's Trumpet." Pure white in color and as fragrant as a Jasmine. 25 cents each; three for 55 cents.

OTAHEITE ORANGE

A grand pot plant, and one of great beauty and novelty. It blooms most freely during the winter, though it is likely to bloom at any and all times of the year. The fruit is about one-half the size of ordinary oranges, and very sweet and delicious. Price, 20 cents each; three for 50 cents; large, strong plants, 50 cents each; three for $1.25.

THE AMERICAN WONDER LEMON

The Largest Edible Lemon in the World.

Superb fruit has been taken from the tree weighing over three pounds each. The dark green foliage is very large and handsome, and the pure waxy-like flowers with yellow stamens are as fragrant as Orange blossoms. The lemons have very thin rind and are full of rich acid juice. It is of the very easiest culture, flowering and fruiting in any good ordinary soil. Price, for very strong, young plants, 20 cents each; three for 50 cents; splendid two-year-old plants, 50 cents each; three for $1.25.

No orders accepted for Lemon and Orange plants from Arizona, California, Florida, Louisiana, Mississippi, South Carolina and Georgia.
FUCHSIAS

DOUBLE FLOWERING

Price, 15 Cents Each; Two for 25 Cents.

The secret of success with Fuchsias is to keep the plants properly watered and nourished to stimulate fresh, continuous growth and consequently flowers. This satisfactory result requires repeated repotting if plants are kept in pots, or if planted out, much mulching with cow manure and watering.

Madame Van Der Strass

Very large and double, pure white corolla, beautiful, reflexed bright scarlet sepals. This variety is almost perfection.

Tenor

This double Fuchsia is of extraordinary merit. Violet-blue corolla; very dark rich red sepals, waxy luster. Plant of fine form, easy to grow, continually in bloom. Positively one of the grandest varieties ever offered.

FUCHSIAS

SINGLE FLOWERING

Price, 15 Cents Each; Four for 50 Cents.

Black Prince

This is without question the very finest single Fuchsia grown for the amateur to cultivate. It makes a shapely bush, is robust in growth, free from disease and insects and is probably the freest in blooming. Blossoms of a beautiful waxy-carmine or pink color. Certainly a plant of easy culture.

Ernest Renan

White sepals, reddish blue corolla.

Lord Byron

A strikingly handsome variety, with calyx of cochineal red, and large, single, corolla of deepest violet.

Speciosa

Well known variety, producing large flowers two inches in length, tubes and sepals of which are blush, the corolla crimson. Some plants of this variety grown in eight or nine-inch pots will produce from 300 to 500 flowers from December to May.

AGERATUMS

Very useful for bedding or borders, and flowering continually throughout the summer.

Price, 12 cents each; 3 for 30 cents; dozen, $1.15. See quantity offer on page 3.

Little Blue Star

Of dwarf, bushy habit, never attaining a height of over six or eight inches. It is extremely free flowering, the individual tufts of bloom are very large and dense. The color is an intense blue, the

Frazeri

A fine variety, growing into showy plants 8 to 10 inches tall. The plants branch freely close to the ground and are covered all during summer and fall with clusters of bright azure blue flowers.

WATER HYACINTH

The Most Odd, Beautiful and Valuable Plant for Easy Growth.

It forms a lovely rosette of its curious shining green leaves, and throws up spikes of flowers resembling in form a spike of Hyacinth bloom. In color a beautiful lilac-rose. In the windows the most beautiful effect is produced by using a glass vessel of some sort with shells and white sand so arranged as to conceal a small amount of soil. In summer it can be grown in the yards in a pool or tub of soil, covered with about three inches of water.

Price, 20 cents each; 2 for 35 cents; 12 for $2.00.

WE DESIRE TO PLEASE ALL WHO DEAL WITH US.
Pennisetum, Purple Fountain Grass

Long feathery purplish plumes which look very attractive in the border or in bouquets. Does best in a light rich soil where it is exposed to the sun and can get plenty of water. It looks particularly well if used as a border to Cannas, Salvias, and other taller flowers, also as an edging to pools and streams. 20 cents each; 3 for 50 cents; 12 for $1.75.

ACHYRANTHES

Price, 15 cents each; 3 for 40 cents; twelve for $1.50. Thrive in any soil; are not easily killed by frost. They make intensely bright beds and show off splendidly in borders to taller growing plants.

ALÖYSIA CITRIODORA

(Lemon Verbena). This plant has the most fragrant foliage of any plant grown. The fragrance is that of the lemon. One plant will scent up a whole yard. Grows rapidly; exquisite. Can be wintered over in the cellar. Price, 15 cents each; 3 for 40 cents; dozen, $1.50.

BUSH DUSTY MILLER

(Seneio Argenteus)—Silvery foliage. Fine for bedding; vases; hanging baskets and pots; also extensively used for margin. Price, 15 cents each; twelve for $1.50.

CUPHEA PLATYCENTRA

(Cigar Plant)

This is a well-known everblooming plant of neat habit, growing twelve inches in height. The tube of the flower is scarlet, with the end partly white and crimson. These plants thrive beautifully in hanging baskets, vases, etc. They are also valuable as pot plants in the window. Price, 15 cents each; 3 for 40 cents; 12 for $1.50.

PILEA SERPAEFOLIA

(Artillery Plant.) It is very desirable for filling in hanging baskets, window boxes, vases, etc. It also makes a graceful plant as a single specimen. It has graceful frond-like leaves; flowers small and produce a snapping sound when water is thrown on the foliage. Price, 15c each; 3 for 40c; 12 for $1.50.

LITTLE GIANT FEVERFEW

The great value of the old dwarf Feverfew for cut flowers during the summer, fall, and winter, is well known to florists and others. This variety surpasses it in every way. It is very short, attaining a height of from 12 to 18 inches. The flowers are larger, of more perfect form and of purest white. Price, 15c each; 3 for 40c; 12 for $1.50.

BOUGAINVILLEA SANCERIANA

Flowers soft rose-crimson, borne very evenly all over the plant. Blooms when quite small, and may be trained in almost any shape. On account of the lasting qualities of its flowers, it is frequently called Chinese Paper Plant. Price, 20c each; 3 for 50c; dozen, $2.00.

UMBRELLA PLANT

(Cyperus Alternifolius) — An ornamental grass throwing up stems about two feet high, surmounted at the top with a whorl of leaves, diverging horizontally, giving it a very curious appearance. It is splendid for the center of vases or as a water plant. Price, 15c each; 3 for 40c; 12 for $1.50.

BEAUTIFUL BEDDING COLEUS

There is nothing in the line of bedding plants that can ever take the place of Coleus. Used in solid clumps or as edging to Canna beds, etc. Price, 10c each, $1.00 per dozen. Price of Coleus by the hundred when sent by express (not prepaid), $7.00.

BECKWITH'S GEM—Beautiful fancy variety with large leaves of heavy texture and finely scalloped edges; center of leaf dark velvety maroon, bordered with fiery-red; edge of green, changing to creamy-yellow at the point of leaf.

BUTTERFLY—A crimson bronze, old gold and green.

COUNT CUVIER—Center fiery-red, surrounded with deep maroon, edged olive-green, serrated edge.

EMPERESS OF INDIA—Crimson, with golden edge.

FIRE CREST—The major portion of the foliage is a bright carmine-crimson shade; edge is slightly marked golden-yellow, which heightens the coloring; center of leaves blotched deep bronze.

GOLDEN BEDDER—Clear yellow when well developed; edge somewhat crinkled; center rib of lighter yellow.

GLORY OF AUTUMN—Most vivid autumnal colorings in great variety on every plant, each leaf defined by a heavy beaded border of apple-green.

JAMES BARNSHAW—Yellow and crimson striped.

LEOPARD—Greenish-yellow ground thickly dotted and splashed maroon.

MISS RETTA KIRKPATRICK—Large white center, shaded with yellow, broad green-lobed margin; large foliage.

PROGRESS—A beautiful mottled red, green and bronze.

QUEEN OF THE WEST—Large leaf and slightly serrated; outer band of bright oxide-green with margin of bright yellow and center wedge of creamy-white, the whole covered with blotches and spots of bright carmine and deep maroon.

RED CARPET—Center of leaf wine color, broad margin spotted dark maroon.

SETTING SUN—Crimson, with brightest golden edge.

TRAILING BEAUTY—An excellent variety for hanging baskets and vases on account of its trailing habit; center of leaves fiery-crimson surrounded with deep maroon; deeply serrated edges of bright olive-green.

VERSCHAFFELTI—A rich velvety crimson; best bedder.

Three Giant Rainbow Coleus

Price, 15 cents each; three of any kind, 40 cents; $1.50 per dozen. By express, $10.00 per 100.

CHRISTMAS GEM—Leaves immense. Looks like a Rex Begonia, and just as beautiful. Cannot be excelled as a pot plant. Of strong vigorous habit, with leaves which are of bright carmine, shading to deep maroon, the margin yellow and green, whole leaf a rich velvety luster.

DUNERIA—Grandest Coleus of recent years; has a deep velvety texture. Color crimson, maroon center; beautifully scalloped edge of light red; a fine, showy bedder.

NEW GIANT RAINBOW COLEUS CHRISTMAS QUEEN—It is difficult to describe this beautiful new large leaf Coleus. Its coloring is gorgeous and ranges from dark velvety maroon through shades of brown, green, pink and yellow, the combinations of color varying in each plant. Must be seen to be fully appreciated.
Elephant's Ear.

**Madame de Blonay**

Fine, large, strong foliage, producing very large trusses of pure white flowers.

**PEPEROMIA**

_Silver Striped—A Fine Table Plant._

So thick and waxy-like are the leaves of this parlor gem that nearly everyone takes it to be an artificial plant. The leaves are distinctly variegated white and green, and have the appearance of being powdered with frosted silver. Price, 15 cents each; $1.50 per dozen.

You should have one or more of the new variegated Yucca—see page 37.
**Superb French Hydrangeas**

These Hydrangeas are very vigorous, healthy and rapid growers, and are practically a summer and winter flowering plant, requiring only a short rest between seasons. This species of Hydrangeas is generally hardy in the South and throughout the Middle States with some protection during winter months, and here they will flower profusely from June to October. In our Northern States they will give better results when used as pot plants. The plants succeed rather better in a shady place than where it is too sunny, on which account they are valuable for house culture. The pot plants require a liberal supply of water during their season of growth and flowering.

**Price, young plants from 2½-inch pots, 20 cents each; four for 75 cents; $2 dozen.**

**Avalanche** A splendid large white, which has made a reputation for itself during the past two seasons, an easy variety to force early, and remarkably free-flowering.

**Bouquet Rose** Large trusses of well-formed flowers, rose-amber turning to bright pink; has proven a special favorite in the New York market this season.

**La Lorraine** Very large flowers, pale rose, turning to bright pink; has become a general favorite during the past two years.

**Mme. E. Mouillere** This has been the favorite white variety in the New York market this year, very free flowering, of good size and form. Awarded silver medal at the National Flower Show at Boston last year.

**MADEIRA VINES**

A rapid growing vine, covering a large space in a short time. Fleshy, heart-shaped leaves of a light green, and in late summer numerous racemes of feathered flowers of powerful fragrance. A very beautiful and popular vine which succeeds admirably everywhere and should be extensively planted, being so cheap, quick of growth, beautiful and fragrant. 15 cents each; $1.50 dozen.

**THE GODFREY EVER-BLOOMING CALLA**

This new hybrid is a true ever-blooming variety. Compared with the ordinary White Calla, it gives three flowers to one, the flower being equally large, of perfect form and very much whiter. The plant is of dwarf, compact, strong growth. Price, 20 cents each; 3 for 50 cents; 12 for $1.75.

**ORANGE-YELLOW CALLA (Calla Elliottiana)**

This is the great new Yellow Calla of marvelous beauty. Flowers are very large, rich, deep orange, often four to five inches across the mouth; leaves are spotted with white, handsome foliage, together with remarkable flowers. Price, large flowering bulbs, 30 cents each; three for 80 cents; $3.00 per dozen, postpaid.

**HIBISCUS**

Large growing tropical shrubs with very glossy foliage. The plants, under the hottest sun, produce enormous flowers in great numbers and make noble specimens. They can be grown in tubs and kept for years. The blooms average 5 or 6 inches in diameter, and are gorgeously colored. The plants can be wintered over in a warm, dry cellar.

**DOUBLE FLOWERING**

Price, 15 cents each; 4 for 50 cents; $1.50 per dozen. Large size, 40 cents each; 4 for $1.50; $4.00 per dozen.

**AURANTIACA—Large, double, orange-colored flowers; early and profuse bloomers.**

**PEACHBLOW—One of the finest plant novelties offered in recent years; flowers double, from four to five inches in diameter; charming, rich, clear pink color, with a small deep crimson center; entirely new and most beautiful shade.**

**MINIATUS SEMIPLenus—Semi-double flowers, light vermilion-scarlet; petals waved and recurved; flowers noticeable for the absence of formality, but very handsome.**

**SUB-VIOLOCEOUS—Flowers of enormous size, beautiful carmine, tinted with violet. Probably the largest flower of the Hibiscus family, and an unusually free bloomer.**

**THE GODFREY WEDDING**

Rich, glossy foliage; blooming profusely through the summer; literally covering the plants with scarlet-crimson single flowers.

**SPOTTED CALLA, RICHARc>**

The Richardia Alba, or Spotted Calla, is a plant of magnificent appearance. The leaves are of the richest green, spotted with pure white; the flowers are white, with a rich chocolate throat. It can either be grown in a pot planted in a border or in a vase or rustic stand, the latter being a very effective way of showing its beauty.

**Price, 20 cents each; 3 for 50 cents; 12 for $1.75.**

GLADIOLUS—"The Glory of the Garden"

This class of summer-flowering bulbs is doubly valuable for the show of bloom, and for its generous supply of cut-flowers. Gladiolus flowers last longer when cut than most any other flowers, and develop in water to a greater perfection than if left on the plant. Bulbs should be planted from the middle of April on into May throughout the Northern States, a second planting after two or three weeks insuring a more even succession of bloom. Set bulbs 2 to 4 inches deep and 2 inches apart in the drills, single rows 12 inches, and double rows 18 inches apart. Gladiolus do well 4 to 6 inches apart each way, when planted in beds.

LARGE FLOWERING GLADIOLI—PLAIN PETALED

Price, 8 cents each; the 9 for 65 cents; selection of 12 for 83 cents.

Anna Eberius—A little different in color from anything on the market. Dark velvety plum rose, throat deeper shade. This is a color combination that florists have been hoping for; it harmonizes well in most all kinds of floral work.

Gretchen Zang—Extra pink, with deeper markings on lower petals.

Myrtle—The most beautiful pink yet introduced; clearest dainty ruffled rose-pink, softly dissolving into a throat of clear creamy white; early flowering; distinctive in form and color; of good size; Myrtle stands among the elite of "Wizard" Kunderd's many exquisite productions.

Mrs. Frank Pendleton—Large pink flowers with deep carmine blotch.

Mrs. H. E. Bothin—Flesh salmon-pink, flame scarlet center. A large show flower. As a cut flower variety this is second to none and we predict that it will, before a long time, become as popular as that great favorite, Mrs. Frank Pendleton.

Prince of Wales—Delicate salmon rose of great value.

Pink Perfection—Showy, bright pink, large.

Schwaben—The strongest growing and largest of all Gladioli of yellow color; a clear citron yellow with aster-purple tongue on lower petals.

War—Deep blood red, large flowers.

GLADIOLI PRIMULINUS HYBRIDS

These are becoming very popular with florists on account of their long, graceful spikes and attractive flowers, which are excellent for cutting.

Price, 10 cents each; the four for 35 cents; dozen for 85 cents.

Alice Tiplady—Rich orange; extra fine, a great favorite; about 50 per cent produce two flowers.

Maidensblush—Superb light pink extra forcer, one of the best florist varieties.

Sonia—Beautiful, large bright red. Unusual shade amongst Prims.

Ruffled Gladiolus

The "Glory" type of Gladioli are distinct from other forms; their originator, Mr. Kunderd, having worked not only towards large size and strong color markings, but particularly for the beautiful ruffled or fluted petals which are their principal distinguishing features. This innovation has come to be accepted as a distinct and valuable class; and embraces some of the finest of recent novelties.

Price, 15 cents each; set of five for 65 cents; 12 for $1.50.

Crescent Queen—Dark wine, self color, fine.

HeLEN Franklin—Pure white with violet stripes on lower petals; slightly ruffled; a great favorite in New England; admired wherever exhibited; good forcer.

Little Diamond—Salmon-pink, flaked deeper, with a brightly mottled throat. Fine color combination.

Rose Glory—Rose pink, shading to deeper throat.

GLADIOLUS (Primulinus Hybrids) MIXED

In recent years these Hybrids have come to be extremely popular and they deserve every word of praise they get. They are graceful, easy to grow, moderate in price, artistic in color which range from sulphur-yellow to chrome-yellow. All shades of orange appear, with now and then a cream and pink among them, but Nasturtium colors predominate. They are the last word in Gladioli for dainty decorations.

Price, 50 cents per dozen; $4.25 per 100.

Our Superfine Mixture of Select Gladioli

It contains only kinds of proved merit and high quality. The most critical grower can wish for no better value. In the preparation of this mixture over 75 varieties are being used. The flowers are of the largest size in their respective types, the spikes are of correct form, with plants of vigor and vitality.

Superb pink, red, scarlet, crimson, cerise, blues, tints of lilac, light and yellow shades are a part of this mixture. Undoubtedly this mixture is superior to any other in the value it gives. It has been prepared especially to provide the amateur with typical collections of the modern Gladiolus.

Price, six for 35 cents; twelve for 60 cents; $4.50 per hundred.

A Bouquet of Gladioli will last a long time.
HERBACEOUS

DOUBLE

GORGEOUS PEONIES

Great, gorgeous blossoms, daintily dyed with the most exquisite shades, from white to the deepest reds. They are deliciously fragrant. Bloom several weeks in the spring. Height, 2 to 3 feet. Culture—They will grow anywhere, reasonably speaking—though they do best in rich, deep soil and a sunny position, but thrive well in partial shade. Plenty of water during the growing season is an added stimulus. They are perfectly hardy, require no protection, and are not troubled with insects or disease.

DOCTEUR BRETONNEAU—Rose type. Large, compact flower, midseason; guards pale lilac; center milk-white shaded amber; fragrant. Tall, strong grower; very free bloomer. Price, 40 cents each.

FELIX CROUSSE—All Peony enthusiasts are familiar with the fact that it is difficult to get a red Peony that is a self color—that is, a full, rich even shade of red without being suffused with a shade of another color. Felix Crousse fills the bill. A rich, even, brilliant ruby-red, exceptionally fiery, bright, effective; very large, full bell-shaped bloom. We place this in the front rank of Red Peonies. Price, 50 cents each.

FESTIVA MAXIMA—This is not only the finest white in existence, but in most quarters it is regarded as the queen of all the Peonies. It combines enormous size with wondrous beauty, often seven to eight inches in diameter; color snow-white, flecked with an occasional clear purple spot on edge of center petals; very fragrant. Price, 50 cents each.

KARL ROSEFIELD—Semi-rose type; midseason. Very tall, compact grower of stately habit and an A1 bloomer. Every shoot has a flower of rich, velvety crimson; a perfect ball; very brilliant and striking. Price, 65 cents each.

LOUIS VAN HOUTTE—One of the best dark varieties, a rich deep crimson developing a slight silvery tip as the flowers age. Price, 40 cents each.

MONSIEUR JULES ELIE—Bomb type; early midseason. The king of all Peonies. Immense globular flowers. Glossy lilac-pink, shading to deeper rose at the base. The largest of all Peony flowers. Fine for cut flowers. Price, 65 cents each.

MEISSONIER—(Syn. American Beauty.) Bomb type; midseason. Very brilliant crimson; full double flowers on stiff wiry stems. The coloring is wonderfully rich and brilliant. Price, 40 cents each.

OFFICINALIS, fl. pl.—The grand early flowering, old-fashioned double crimson Peony. Price, 75 cents each.

SPECIAL OFFER OF 8 VARIETIES, INCLUDING OFFICINALIS RUBRA, $4.00, POSTPAID.

UNNAMED DOUBLE PEONIES

We offer Peonies in Color, not named, but all meritorious kinds—Red, White and Pink. Price, 30 cents each; three for 85 cents.

Five Especially Good Gladioli, Including One Fine Ruffled Variety

Price, 20 cents each, or the set of 5 for 90 cents; $2.00 per dozen.

AMERICAN BEAUTY—Bright American Beauty rose color, cream yellow throat; many flowers open at one time; large and tall.

AL SHIRA—Large, very dark wine red, with large, almost black throat. Tall and showy.

GIANT NYMPH—La France-pink; with creamy yellow throat; very large, wide-open flowers, long spikes and flowers well arranged on the stem. This is without question one of the very best recent introductions. If it is not in your collection, buy it.

The Giant of the Ruffles

PURPLE GLORY—The Giant of the Kunderdii Glory race, and of remarkable color. Deepest velvety maroon red, with almost black blotches, like burned into the petals. Beautifully ruffled. Extraordinary.

The illustration shows Purple Glory, American Beauty, Giant Nymph.

HAVE YOU PEONIES IN YOUR GARDEN?
BEST DAHLIAS FOR CUT FLOWERS

Cultivation is the principal requirement of the Dahlia; the most important of all operations to insure success. Keep the soil well cultivated, and free from weeds, never allow the soil to crust. Plant bulb six inches deep, flat down, having sprout or eye facing upward, covered with soil an inch or so, apply fertilizer, and cover in level with soil.

Note—All Dahlias are supplied in strong, divided field-grown roots.

LARGE, SHOW AND DAHLIAS DECORATIVE

Great big blossoms, round, double and perfect to the center. No other double flowers can compare with these.

A. D. Livoni Beautiful soft pink. Well formed flowers with long stems. Perfectly round, ball-shaped flowers, each petal being very tightly quilled and arranged in exact regularity. Free flowering. 25 cents each; 12 for $2.50.

Frank A. Walker Lilac-pink, of fine form and medium size, on long straight stems, a profuse bloomer. 35 cents each; $3.50 per dozen.

Storm King This superior variety is a very early and profuse bloomer. The flowers are snow white, of perfect form and full to the center. As a cut flower it is the florist’s ideal, white for grouping or as a specimen plant. It is one of the very best. 25 cents each; 12 for $2.50.

Mt. Shasta Very light shell pink with slightly deeper shadings through the center, also showing a slight tinge of yellow on edges. 50 cents each; $3.00 per dozen.

Mr. C. H. Dresselhuis The coloring of this new Dahlia is a soft rose-pink with white suffusion towards the tips. Very prolific bloomer, and flowers are held erect on long straight stems. 35 cents each; $3.50 per dozen.

Maud Adams (Ideal New Show Dahlia.) This wonderful introduction is unsurpassed in quality in every respect; in reality a model of perfection. The color is a pure, snowy white, very effectively overlaid clear deltic pink. Undoubtedly the finest of this season’s introductions and one of the finest of the Show types. 35 cents each; $3.50 per dozen.

American Beauty This champion Dahlia is a seedling from the well-known French variety, “Le Colosse” being almost identical in form, shape and size. The flowers are of gigantic size and are produced on long, heavy stems, well above the foliage. The color of this acquisition is a gorgeous wine-crimson. 35 cents each; $3.50 per dozen.

Darlene (Delicate New Decorative.) An exquisite shade of live shell-pink with a dainty blending of white at center. The plants make ideal specimens, averaging about 3 feet in height; a single plant making a very effective showing. For massing or hedging, “Darlene” is ideal. The foliage is a heavy, deep green, a perfect contrast with the pink-and-white blossoms. This variety is one of the most satisfactory garden varieties we are offering, the plants being literally covered with blossoms from early July until frost. 35 cents each; $3.50 per dozen.

Cleopatra (Marean.) Large flowers on good wiry stems. The color is a fine shade of yellow, the reverse of the petals being a tangerine shade, the combination being especially attractive. Fine for garden decoration. $1.00; $10.00 per dozen.

Mrs. Ella Cline (Alexander’s New Decorative Seedling.) A beautiful glistening pure white, with good stems, and a Dahlia that has proven an ideal all round variety. It is very free-flowering, and in blossoming qualities and purity of color, it is not surpassed by any white Decorative seen. 50 cents each; $5.00 per dozen.

Elizabeth Slocombe (Slocombe.) (Dec.) Color rich purplish-garnet. The large flowers are carried on long stiff stems. $1.00; $10.00 per dozen.

Wm. Reid Butler A fine large white. Stems 24 to 30 inches long. This Dahlia deserves more credit than it usually gets. Blooms average five to six inches across. 35 cents each; $3.50 per dozen.

Bonnie Brae (Dec.) This is one of the best Dahlias ever grown. The color of this wonderful Dahlia is a peach and cream combination of shadings, showing strong on the peach pink at first, but after well opened comes out much lighter. The flowers in my fields this season grew from 8 to 10 inches in diameter and were carried on stems from 18 inches to 2 feet long. Very free flowering. 50 cents each; $5.00 per dozen.

Pride of California Called the “American Beauty” Dahlia. Winner of Gold and Silver Medals. Huge crimson red flowers produced on long straight stems. 75 cents each; $7.50 per dozen.

Jane Selby Exceptionally large flower of a delicate mauve pink. Great substance and good formation, on strong stems well above the foliage. A prize-winner. $1.00 each; $10.00 per dozen.

DAHLIAS HAVE RECENTLY BEEN WONDERFULLY IMPROVED. WE OFFER THE BEST.
CACTUS DAHLIAS
These are marvels of beauty and are of the most popular group of all the Dahlia family. Have long, twisted and narrow petals of most beautiful colors, blended together in the most exquisite manner possible.

SPRINGFIELD—A new Dahlia. Identical with Countess of Lonsdale except in two essentials. It has a darker stem and the flower instead of being a salmon-pink as in Lonsdale, in Springfield is a rich amaranthine-red. Its beauty cannot be described. No Dahlia blooms freer, no Dahlia is as pretty as Springfield. It lasts longer than any other Dahlia we know. Price, 35 cents each; dozen $3.50.

COUNTRESS OF LONSDALE—For perfection of bloom, erectness of stem, abundance of flowers, this variety has never yet been equalled. Color is a rich salmon-pink, tinted apricot. Price, 35 cents each; $3.50 dozen.

ENTENDARD DE LYON—Rich carmine-rose or royal purple. The broad, curling wavy petals form a flower 6 inches in diameter and 4 inches deep; yet without any stiffness or formality. Price, each, 50 cents; dozen $5.00.

GLADYS SHERWOOD—(Hybrid Cactus.) It is truly a wonderful Dahlia. Flowers over 10 inches in diameter composed of long curling petals of glistening white forming a flower of unusual depth, these giant flowers are held erect on strong stems and are produced in wonderful profusion. It is unequalled for garden decoration. Price, each, 50 cents; dozen, $5.00.

W. B. CHILDS—(Hybrid Cactus.) A very reliable variety. Color a beautiful dark purple-maron. Price, 35 cents each; dozen $3.50.

LAWINE—A magnificent flower on long stems. A large white, lightly suffused pink. A strong, vigorous grower, early and profuse bloomer. One of the best for commercial cut flowers and for the garden. Price, 35 cents each; dozen $3.50.

PEONY-FLOWEDED DAHLIAS
PHENOMENE, Beautiful French Duplex Dahlia—A very effective and novel variety, having beautiful Cactus-shaped florets. The color is an exquisite salmon shade, suffused light. 35 cents each; $3.50 per dozen.

BESSIE SEABURY—White very daintily overlaid a delicate mallow-pink. An exceptionally free flowering variety, of good habit, that produces its blossoms on long good stems. Named for and by permission of Mrs. William T. Seabury, North Weymouth, Mass. 50 cents each; $5.00 for $5.00.

LATONA—An unusual blending of orange, buff and yellow. Flowers are nearly full to the center, and produced freely, upon good stems. 35 cents each; $3.50 dozen.

POMPON OR BOUQUET DAHLIAS
Small perfect flowers, as round as a ball and double; a plant often shows one hundred blooms at a time. They are unlike other Dahlias and charmingly beautiful and attractive.

PRICE, 25 CENTS EACH; $2.50 PER DOZEN.

STAR OF THE EAST—Most prolific white pompom to date.

SUNBEAM—A bright scarlet; very free bloomer.

GOLDEN QUEEN—Bright yellow, free flowering.

SINGLE DAHLIA
This variety is more decorative than the finest Cosmos. No words can properly convey an idea of its real value and beauty both for garden and for cutting. Price, 30 cents each; three for 75 cents.

MR. FRANK I. SHOREY—(Alexander.) The coloring is most fascinating and delightful, being a beautiful waxy white, effectively veined and shaded delicate pinkish lavender.

COLLARETTE DAHLIAS
The Collarette Dahlias have artistic single flowers with an additional row of short petals around the disc, forming a frill of stem, abundance of flowers. This mixture will give you a good range of color. Price, 15 cents each; twelve for $1.50.

SPECIAL OFFER
If left strictly to our selection, we will send five Dahlias in fine assortment of named varieties for $1.00.

HARDY PRIMROSES
These are among the most beautiful and interesting of our common garden flowers. Plant them in rich, well-drained soil in the border or in a sheltered nook in the rockery; if possible, in a half shady place. Plants grown from a select strain of seed, and for the garden. Price, 15 cents each; twelve for $1.50.

DWARF EXCELSIOR PEARL TUBEROSES
A splendid variety; greatly superior to the common Pearl, grows about eighteen inches high, blooms very early, matures perfectly; flowers pure white, large size, very double and intensely sweet. The tuberose is noted for its delicate beauty and exquisite fragrance, rivaling orange blossoms in sweetness. The flowers are pure white, very full-like and double, and are borne on stems two to three feet high. Tuberoses will not bear much cold. Do not plant in the spring until the ground is warm. Price, fine well ripened bulbs, all sure to bloom, 10 cents each; six for 50 cents.

OUR SURPLUS PLANT COLLECTION WILL AGREEABLY SURPRISE YOU—SEE PAGE 27.

Hardy Perennial Plants, Roots and Bulbs

FOR PERMANENT PLANTING IN BORDERS OR BEDS

Under this class are included all hardy plants, the foliage of which dies to the ground each winter. Every spring a new and stronger growth may be expected.

ACHILLEA, BOULE DE NEIGE
(Ball of Snow.) Pure white. It commences to bloom early in July, is a perfect mass of beautiful flowers till frost. Flowers in large sprays, making it one of the finest cut flowers for any kind of decorations. For cemetery planting it is the most valuable of all flowers. Price, 15 cents each; four for 50 cents.

AQUILEGIA OR COLUMBINE
Hardy perennials, luxuriating in the moister situations in the garden, where they form permanent clumps, growing from one and one-half to two feet high. The large, unique, long spurred flowers gracefully hung on long stems, are not only brilliantly effective on the plant, but equally desirable when cut. Three colors—red, white and yellow. Price, 15 cents each; three for 40 cents; dozen, $1.50.

DICENTRA SPECTABILIS (Bleeding Heart)
This is the old time favorite tall Bleeding Heart, been very scarce for past several years, but we are glad to have a fair stock of it for this season. These pretty spring bloomers, with their graceful, drooping sprays of heart-shaped pink and white flowers, are very ornamental and bloom freely early in the season. The plants, being hardy, increase in size and bloom from year to year. Price, 60 cents each; three for $1.50.

DICENTRA EXIMEA (Plumy Bleeding Heart)
A dwarfer-growing species, with finely-cut ornamental foliage, growing about 15 inches high and producing its showy pink flowers from April till August. Price, 25 cents each; three for 65 cents; $2.50 per dozen.

GOLD MEDAL STRAIN OF NEW HARDY LARKSPURS
The freest and most continuous blooming of all, never being out of flower from the end of June until cut down by hard frost. The clear turquoise-blue of its flowers is not equalled for delicacy and beauty by any other flower. They include all shades of blue from the palest lavender to the deepest purple. Plants, Price 20 cents each; three for 50 cents; twelve for $2.00.

CAMPANULA (Canterbury Bells)
Grand old class of garden biennials so well known as to scarcely need description. Their immense heads of bell-shaped flowers during early summer are known to everybody. Showy, hardy plants. Come in several colors, including blue, white, pink. Nice roots, for immediate flowering. 20 cents each; three for 50 cents; twelve for $2.00.

DIGITALIS (Foxglove—Gloxiniaeflora)
These are among the most satisfactory of our early summer-flowering hardy perennials, succeeding under almost all conditions, and with but trifling attention will give a wealth of flowers during July and August. The Gloxiniaeflora varieties have been used extensively with very good effect, in a number of our larger public parks for naturalizing in shrubberies and other semishady situations. This strain embraces a wide range of color from pure white to deep pink. Price, 20 cents each; three for 50 cents; twelve for $2.00.

ANEMONES
Whirlwind A beautiful semi-double form of the autumn-blooming White Anemone. Strong growth and healthy foliage and free bloomer. The flowers are two and one-half to three inches across, with several rows of large white petals; very durable, lasting much longer than those of a single variety. One of the finest hardy plants for cemetery planting, and excellent for cut flowers. Price, 20 cents each; two for 35 cents; twelve for $2.00.

Queen Charlotte A grand new variety of Anemones, with large semi-double, delicate pink flowers two to three inches in diameter, on upright stalks two to two and one-half feet high; perfectly hardy. It blooms in September. Price, 20 cents each; two for 35 cents; three for 50 cents.

COREOPSIS (Lanceolata Grandiflora)
The perfect strain of a long popular hardy plant. Flowers are rich golden-yellow, borne in profusion nearly the entire summer. Price, 20 cents each; three for 50 cents; per dozen, $2.00.
GAILLARDIA GRANDIFLORA (Blanket Flower)
Flowers large, brightly colored and of perfect form. Blooms from June till October or November. Center of flower deep maroon, with petals of orange, crimson and red shaded into rings of color. Grows two feet high; one of the best for cutting. Price, 20 cents each; 3 for 50 cents; twelve for $2.00.

DIANTHUS BARBATUS (Sweet William)
The Sweet William is a fine plant which produces great masses of bloom of extremely rich and varied colors. The flowers are very lasting and fine for cutting. The plants offered are grown from the finest strain to be obtained in England, where hardy plants are universally grown and where new and improved varieties are constantly being produced. Good strong plants, 20 cents each; 3 for 50 cents; twelve for $2.00.

EULALIA OR JAPANESE GRASS
These beautiful hardy grasses are deserving of the highest commendation. For the lawn they are invaluable, being very showy and ornamental and of easy cultivation. They form large clumps five to seven feet high and are perfectly hardy in all parts of the country. Price, 20 cents each; 6 for $1.00.

Japonica Zebrina
The most distinct and showy of all the Eulalias; the variegation of the foliage is entirely different from that of any other plant, being evenly striped crosswise with broad bands of golden-yellow. Perfectly hardy, a sturdy grower, increasing in size and beauty from year to year; a plant that has been established two or three years often producing fifty to one hundred of its beautiful large plumes. Price, 20 cents each; 6 for $1.00.

Japonica Variegata
A favorite ornamental plant, having long, narrow leaves, striped with white and green. Price, 20 cents each; 6 for $1.00.

CHELONE LYONI
Shell Flower
Stately and handsome perennials, growing about two feet high and bearing numerous spikes of large flower heads of showy deep red flowers during the summer and fall. Price, 20 cents each; 3 for 50 cents.

DOUBLE HOLLYHOCKS
The flowers, which are as elegant in shape as a Camellia, form perfect rosettes of the most lovely shades of crimson, yellow, pink, orange, white, etc. They require a deep, rich soil and will repay in quantity and beauty of bloom any extra care. We offer a fine assortment in separate colors of double pink, red, white and yellow. Price, 20 cents each; four for 75 cents; 12 for $2.00.

FUNKIAS (Day Lilies)
Cordata A handsome, showy plant with beautiful large broad leaves. Flowers large, pure waxy-white, borne in large trusses. Very fragrant. 20 cents each; three for 50 cents; twelve for $2.00.

Undulata Variegata
Leaves eight to ten inches long, two to three inches wide, beautifully variegated yellow and green. Flowers deep blue. Price, 20 cents each; three for 50 cents; twelve for $2.00.

IMPROVED LEMON LILY
(Hemerocallis Florham)
This may also be called the "Yellow Day Lily." Strong grower; large trumpet-shaped flowers, rich golden-yellow, with Indian-yellow markings. Grows from three to three and one-half feet high and blooms in June and July. The Yellow Day Lily has narrow grass-like foliage, and the flowers have wide funnels. The flowers are very simple, yet distinct with a wholesome fragrance. The individual flowers are short-lived, but there is a good succession. Excellent for cutting, lasting a long while. Every garden should have one or more of these satisfactory plants. Price, 20 cents each; two for 35 cents; twelve for $2.00.

Improved Lemon Lily, Hemerocallis Florham.
JAPAN IRIS (Iris Kaempferi)

The magnificence of Japanese Irises is such that no written description gives them justice. The prevailing colors are white, rose-purple, crimson, rose, lilac, lavender, silver gray, purple, violet and blue. Each flower usually representing several shades. They flower from late June to August 5th in this latitude.

Price, 35 cents each; 3 for 90 cents; 12 for $3.00.

GOLD BOUND—A fine double pure white, enriched by a creamy glow from the gold banded center.

PURPLE AND GOLD—Enormous double flowers ten inches across, early and free blooming. Color rich violet-purple with white petaloids, tipped violet. The conspicuous golden throat extends outward in sharp bluish-white rays.

MAHOGANY—Large double flowers, the latest to bloom. Purpled mahogany red. The erect petals prettily crested.

ROYAL PURPLE—Dark purple, overlaid with dark blue, yellow blotches. Stippled dark blue, bordered purple. Six petals.

TORA-ODORI—(Dancing Tiger.) Vinous purple, speckled and splashed gray. Six petals.

LIBERTY IRIS

Price, 25 Cents Each; 3 for 65 Cents; 12 for $2.50.

Blooms earlier than Japan Iris. The variety is the true “Fleur de Lis,” the national flower of France. They are perfectly hardy, thrive anywhere, deliciously fragrant and fine for cutting.

BELLE HORTENSE—(Plic.) S. white deeply frilled Petunia-violet; F. white lightly bordered Petunia-violet; style arms bluish-violet.

FAIRY—White, delicately suffused soft blue. The tallest standard variety giving a white effect. Very popular, sweet smelling beautiful variety.

MONSIGNOR—Superb coloring. The standards are pale violet; the very broad falls have for a ground the same color, but, except for a broad border, it is entirely over-laid and very broadly veined dusky violet pink. The flowers are large and massive. Very distinct.

LORELEY—S. light yellow. F. ultra-marine blue, bordered cream. This is a very handsome variety.

PARISIANA—White, dotted and shaded light purple; white frilled and edged with lilac. Large and beautiful flower.

PLUMBAGO LARPENTAE

LADY LARPENT—This beautiful variety of Plumbago is unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps, and from the middle of July until severe frosts are covered with rich, violet-blue colored flowers, borne in close terminal heads. The foliage is unique, finely serrated and fringing the stems.

Price, 20 cents each; 3 for 50 cents; 12 for $2.00.

HARDY GARDEN HELIOTROPE

A greatly improved form. The size of the foliage and its quality are doubled; the habit of the plant is made compact and bushy; the size of the lavender-blue flower is magnificent beyond belief; specimen heads measuring ten to fifteen inches across.

Price, 20 cents each; 3 for 50 cents; 12 for $2.00.

HARDY GIANT HIBISCUS

“CRIMSON EYE”—Flowers immense in size; color of the purest white, with a large spot of deep velvety crimson in the center of each flower. Will succeed anywhere and is perfectly hardy.

Price, 25 cents each; 3 for 65 cents; $2.50 per dozen.

LOBELIA CARDINALIS (Cardinal Flower)

One of the showiest things in the garden. Bronze foliage with intense cardinal red flowers, in stocky spikes fifteen to eighteen inches long keep the plant afloat throughout August and September.

Price, 20 cents each; 3 for 50 cents; 12 for $2.00.

HELIANTHUS SOLEIL D’OR, or Sun of Gold

Has quilled petals, not unlike a Dahlia. This is one of the hardy perennial Sunflowers. Color, a bright golden yellow, and is one of the most effective border plants you can get. A splendid sort, blooming in great profusion the entire season.

Price, 20 cents each; 3 for 50 cents; $2.00 per dozen.

PLANT IRIS FOR A PERMANENT BORDER ALONG THE DRIVEWAY.
NEW VARIEGATED YUCCA

This plant is a strong and vigorous grower, free from all blights and insects, absolutely hardy, surviving our northern winters in the open field without any protection whatever. Will also survive hot-dry weather. The center of the long sharp-pointed leaves is a deep rich green while the margins are a creamy yellow. In early fall the green takes on a steel blue cast. It is this stage that brings out the real winter beauty, especially with a background of snow. The only dull period in its life is during March and April after which it starts anew and in late June throws up beautiful, large-dropping waxen-like white blooms on a stalk three to four feet high; exactly as the regular Yucca.

EXCELLENT FOR GROWING AS A SINGLE PLANT OR IN CLUMPS.

Price—1-year-old Plants, 50 Cents Each; 3 for $1.25; 2-year-old Plants, 75 cents each; 3 for $2.00.

HARDY SWEET PEA—LATHYRUS

One of the best and most desirable flowering hardy climbing plants, producing clusters of large flowers the entire summer; fine for cutting; lasting well.

ROSEA—Deep pink. Price, 20 cents each; 3 for 50 cents; 12 for $2.00.

YUCCA FILAMENTOSA

ADAM'S NEEDLE—Long, narrow leaves that remain green the entire year. It throws up a long flower stem in the summer three or four feet high, bearing large spikes of creamy-white, bell-shaped flowers that retain their beauty for a long time. Price, 30 cents each; 3 for 75 cents; 12 for $3.00.

HARDY PHLOX

The plants we will send you are strong and will bloom profusely the first season. Among hardy perennial plants no class is of more importance than the Phloxes, succeeding in almost any position and flowering from early in summer until late in fall. They also improve from year to year, requiring little care and contain a range of color not in any other hardy plant. PRICE, 20 CENTS EACH; ANY 3 FOR 50 CENTS; $2.00 PER DOZEN.

BARON VON DEDEM — Medium height; brilliant cochineal-red with salmon stainings.

B. COMTE—Tall growing variety producing large heads of rich satiny amaranth flowers. A very brilliant Phlox. Looks well planted close to a yellow-flowered plant.

FIREBRAND—Bright red with deeper center, large trusses, strong robust habit.

MRS. CHARLES DORR — A new variety; extra tall growing; with extra long, compact, pyramidal spikes of moderate sized florets. Its color is unique and very attractive, a solid bluish-mauve.

MRS. MILLY VAN HOBOKEN — An excellent new variety. Very large florets combined in rather loose, large heads. Color bright pink with a slight and delicate mauve suffusion. Strong grower and free-flowering. The general color effect, at a distance, is a fine bright pink.

RICHARD WALLACE—T. Pure white; violet-rose center.

R. P. STRUTHERS—In our estimation, the very best Phlox grown today

RHEINLANDER—A new variety of great beauty; a rare shade of salmon-pink, intensified by a distinct claret-red eye. Flowers and truss of unusual size.

RIVERTON JEWEL—Tender peach-blossom pink with bright rose eye and suffusion; flower and truss very large.

THOR—Not a new sort but becoming more and more popular because of its splendid free-flowering qualities. Color a beautiful shade of deep salmon-pink, overlaid with a scarlet glow. It has a small aniline-red eye. Being a good grower, never giving any trouble and always full of bloom, we consider this one of the best of the salmon-pink sorts.

VON LASSBURG—Splendid pure white; very large trusses; free bloomer; medium early.

PLATYCODON (Chinese Bell Flower)

GRANDIFLORUM—Blooms constantly from July until late in September; flowers large, bell-shaped, of a brilliant shade of blue. An extremely rapid-growing plant; will do well in any ordinary garden soil. Perfectly hardy, making a dense branching bush two to three feet high. Price, 20 cents each; 2 for 35 cents; 12 for $2.00.

ALBUM—Pure white flowers. Price, 20 cents each; 2 for 35 cents; 12 for $2.00.

LUPINUS (Lupine)

Effective plants, producing large spikes of flowers; blooming in May and June. They require only well-prepared garden soil and watered in dry weather. 3 feet. Mixed colors only. PRICE, 35 CENTS EACH; 2 FOR 65 CENTS; $3.50 PER DOZEN.

YOU SHOULD HAVE ONE OR MORE OF THE NEW VARIEGATED YUCCA.
GYPSOPHILA PANICULATA
(Baby’s Breath.) Very slender stemmed but bushy, 2 to 3 feet. Good for cutting as well as for borders. Flowers are minute but myriad, pure white, produced in immense fluffy panicles during August-September. Price, 20 cents each; 3 for 50 cents; twelve for $2.00.

RUDBECKIA (Golden Glow)
The grandest Hardy Perennial. Grows five to seven feet and flowers from early summer until frost. Flowers are produced on long stems in enormous quantities and resemble golden-yellow Cactus Dahlias. Price, 15c each; 3 for 40c; $1.50 dozen.

SCABIOSA CAUCASIA (Blue Bonnet)
One of the most desirable of summer-flowering perennials, and in a color that is not over abundant at any season of the year. Its charming soft lavender blue, graceful flowers are produced on stems from 18 to 24 inches high from June to September, and are splendid cut-flower subjects. Strong plants, 20 cents each; 3 for 50 cents; $2.00 per dozen.

TRITOMA PFITZERI
A grand improvement on Tritoma Uvaria Grandiflora. The flower spikes, which are produced with considerable more freedom than in the old variety, are of gigantic size frequently four and one-half feet high, with heads of bloom over twelve inches long, of a rich orange-scarlet, shading to salmon-rose on the edge; a first-class acquisition. Price, 30 cents each; 4 for $1.00; 12 for $3.00.

LYCHNIS (Lamp Flower)
LYCHNIS CHALCEDONICA—Heart-lobed stars of brightest vermillion, arranged in large flat panicles, make this variety as showy as a Geranium. Price, 15 cents each; 3 for 40 cents; $1.50 dozen.

HONEYSUCKLES
Price, 20 cents each; 2 for 35 cents; $2.00 per dozen. Large plants, 35 cents each; 2 for 65 cents; $3.50 per dozen.

Chinese Wistarias
Flowers in clusters; sometimes gives second crop of flowers in the fall. One of the most popular of our hardy vines, growing very rapidly. Flowers in early spring in long, drooping racemes resembling in size and shape a bunch of grapes. We can supply two varieties, Blue and White. Price, 25 cents each; six for $1.25.

SHASTA DAISY
In growth the plants are as strong as a common field Daisy, very tall, well branched, with fine cut foliage and huge white flowers borne in profusion on long stiff stems. The flowers are pure white with gold center, petals very long and center soft and velvety. It is a very pretty hardy plant and one of the novelties that has come to stay. Price, 15 cents each; 3 for 40 cents; $1.25 per dozen.
Hardy Ornamental Climbing Vines

Ampelopsis Veitchii
(BOSTON IVY)

The tendrils of this climbing vine at nearly every point cling firmly to the smoothest surface of rock or wood. The glossy leaves assume in the autumn the most beautiful tints of scarlet and crimson. The handsomest vine possible for growth on house walls. It is quite hardy, but some protection of straw may well be used immediately over the roots in winter. Price, strong roots, 25 cents each; 3 for 60 cents; six for $1.25; 12 for $2.50.

Chinese Cinnamon Vines

This Oriental Gem of the Far East comes to us a marvel of beauty and fragrance. Its rapid growth, abundant foliage and modest, sweet-scented flowers give it supremacy over all foreign and domestic climbers. The handsome, glossy, heart-shaped leaves and clusters of fragrant white flowers make a window, arbor or veranda a perfect bower of beauty. They stand the severest winter, and burst forth in all their beauty and splendor very early in the spring. No one should miss planting this charming vine. Once planted, it will last a lifetime. These vines makes a long slender root, which should be planted with small end up. Price of Cinnamon Vine Tubers, or Roots, extra quality, sure to grow, 15 cents each; three for 40 cents.

Dutchman’s Pipe

(Aristolochia Sipho)—There is no better hardy Climbing vine for shade or screen purposes. The flowers are brown color, long and pipe-shaped, and the large, heart-shaped, deep green leaves, for which it is most valued, seem never to be troubled with either insects or disease; splendid for archways or verandas. Price, 25 cents each; six for $1.25.
HARDY ORNAMENTAL SHRUBS

NOTE—Some customers do not understand why shrubs are received in dormant condition, without foliage, etc., and think because they are "dead looking" that they are without life. Of course this impression is wrong as all hardy growth in our northern country is suspended during winter season, but springs to renewed life when growing time comes.

Hydrangea Paniculata Grandiflora.

HYDRANGEA PANICULATA GRANDIFLORA

This is a grand plant, very showy and attractive, lasting in bloom for months. Without question the finest hardy shrub. Grows three to four feet high and is very bushy and compact. Blooms in July, at a time when no other shrub is in flower, and the flowers remain beautiful until destroyed by frost. The flowers are pure white, afterwards changing to pink and are borne in immense pyramidal clusters. Will bloom same season planted. Field grown plants, 12 to 18 inches, 30 cents; 4 for $1.00; twelve for $3.00. 18 to 24 inches, 50 cents; 3 for $1.25; twelve for $5.00.

HYDRANGEA "HILLS OF SNOW"

Arborescens Grandiflora

The blooms are very large, of pure snow-white color, resembling a little the hardy shrub so well known, the Snowball, in color and make-up, only they are much larger in size and much more striking. One of the most valuable features of its coming into bloom just after the passing of all the early spring shrubs, while its long season of bloom, from early June through August, renders it a valuable plant not only to the florist, but to the owner of every garden. It is perfectly hardy, standing twenty degrees below zero. Price, field grown plants, 12 to 18 inches, 30 cents each; 4 for $1.00; $3.00 per dozen. 18 to 24 inches, 50 cents each; 3 for $1.25; twelve for $5.00.

ALTHEA or ROSE OF SHARON

Flowers of large size, bell-shaped, double, full and of brilliant and striking colors, borne in great profusion in August and September, making beautiful ornamental hedge. They are offered in three colors, double rose, double red and double white. Price, 12 to 18 inches, 30 cents each; 4 for $1.00; twelve for $3.00. 18 to 24 inches, 45 cents each; 3 for $1.25; twelve for $4.30.

FLOWERING ALMOND—PINK

A branching shrub two to four feet, with broad lanceolate, bright green leaves. Native of China and Japan. Flowers double, rose color and borne in great profusion in early spring. One of the first shrubs to flower. One of the best flowering shrubs and highly recommended. Price, 12 to 18 inches, 40 cents each; 2 for 75 cents.

FLOWERING ALMOND—WHITE

Same as the pink variety in growth and habit, but bearing white flowers. They should be planted together. Price, 12 to 18 inches, 40 cents each; 2 for 75c.

DEUTZIAS

Price, 12 to 18 inches, 30 cents each; 3 for 75 cents; $3.00 per dozen. 18 to 24 inches, 45 cents each; 3 for $1.25; $4.50 per dozen.

PRIDE OF ROCHESTER—Showy, early, large-flowering sort; blossoms in May before others. Grows 6 to 8 feet high. White flowers, large and double. One of the best of the Deutzias.

GRACILIS—A charming shrub. Flowers pink bell-shaped, delicately fringed and borne in such profusion as to cover the branches.

LEMONTI—Without doubt one of the very best dwarf hardy shrubs; flowers very large and produced in cone-shaped heads of purest white, which open out very full.
THE MOST POPULAR OF ALL SHRUBS—SPIREA VAN HOUTTI!

SPIREAS

Van Houttii The grandest of all white Spireas; it is of compact habit and a beautiful ornament for the lawn at any season, but when in flower it is a complete fountain of white blooms, the foliage hardly showing. Clusters of 20 to 30 white florets make up the raceme, and are set close along the drooping stems. Price, 12 to 18-inch, 25 cents each; three for 65 cents; $2.50 per dozen; 18 to 24-inch, 40 cents each; three for $1.00; $4.00 per dozen; 24 to 36-inch, 50 cents each; three for $1.25; $5.00 per dozen.

Anthony Waterer (New Crimson Spirea.) It outshines all the Spireas in brilliancy of color; a bright crimson. It makes a low, compact bush 15 to 18 inches high, and is covered nearly the whole growing season with large umbels of deep crimson flowers. Price, 10 to 12-inch, 25 cents each; three for 65 cents; $2.50 per dozen; 12 to 15-inch, 40 cents each; three for $1.00; $4.00 per dozen.

HONEYSUCKLE (Bush)

Morrowi A very decorative shrub that reaches six feet in height. The beautiful, pure white flowers appear in May or June and are followed by red fruits, which remain until late autumn. 18 to 24 inches, 30 cents each; two for 50 cents; $3.00 per dozen.

Tartarian (Tartarica)—This is one of the old-time favorite shrubs. It attains about ten feet in height and is extremely easy to cultivate. The pink, white, or cream-colored flowers are produced in pairs. The upper lip is deeply divided and spreading. 18 to 24 inches, 30 cents each; two for 50 cents; $3.00 per dozen.

OLD-FASHIONED LILACS

As a decorative plant on the lawn or in the border it is without a peer. graceful plumes of sweetly fragrant flowers add grace and beauty to bouquets, vases, etc. As a cemetery plant it is without a rival. The varieties we offer are unusually fine. We offer two varieties as follows:

White and Reddish Purple. Price, 18 to 24-inch, 40 cents each; two for 75 cents; $4.00 per dozen.

SNOWBERRY

White Snowberry A perfectly hardy shrub from two to three feet high, excellent for massing in the lower section of a bed or border. The rose-colored flowers appear in loose, often leafy racemes in July and August. The white waxy-like berries remain on until late in the autumn. 18 to 24 inches, 35 cents each; three for $1.00; twelve for $3.50.

BUTTERFLY BUSH

(Buddleia Variabilis)—(Summer Blooming)—A deciduous bush, dying down in the winter. In the spring the top should be cut off quite close to the ground when the plant starts to make a new growth from the crowns. It is very rapid growing, and two years will make a large spreading bush, four to six feet high. It produces long, graceful stems which terminate in tapering panicles of beautiful lilac-colored flowers that are of miniature size and borne by the hundreds on a flower head which is frequently ten inches long. Attracts the butterflies. Cover the roots with manure, leaves or other suitable material as winter approaches. Price, nice plants from two and one-half inch pots, 20 cents each; three for 50 cents; 12 for $2.00. Field-grown plants, 40 cents each; three for $1.00; twelve for $4.00.

GOLDEN BELL Fortunes Forsythia

Familiar hardy shrubs that burst into bloom as winter is leaving. The bright golden yellow, star-like flowers wrap themselves along the naked branches in a wealth of bloom that is especially bright and cheerful at such an early season. The "Golden Bell" grows easily, and is ornamental in leaf as well as flower. It is useful for almost any purpose, but indispensable in groups and masses. 18 to 24-inch, 40 cents each; three for $1.00; $4.00 dozen.
PUSSY WILLOW

A shrub or short trunked tree, foliage smooth, bright green above and whitish beneath. Worthy of more extended cultivation; thrives on dry ground. The bloom of the Pussy Willow is one of the earliest harbingers of Spring and is very interesting. Twigs may be taken from the bush in winter and if placed in vase of water, in the house, will soon open their buds. Price, field grown plants, 18 to 24-inch, 30 cents each; four for $1.00; $3.00 per dozen.

JAPAN SNOW-BALL

PLICATUM — One of the choicest hardy shrubs, with healthy dark foliage; the perfect balls of pure white flowers are born in great profusion in May. Price, 12 to 18-inch, 40 cents each; 3 for $1.00; 12 for $4.00.

PHILADELPHUS

Mock Orange or Syringa

NEW PHILADELPHUS "Virginal"—One of the most beautiful new ever-blooming varieties. A vigorous, tall grower with very large double-crested flowers, with round petals. Pure white, sweetly scented; clusters of five to seven. Good strong plants, 18 to 24 inches, 40 cents each; 3 for $1.00; $4.00 dozen.

NOTICE, ALL SHRUBS ARE FURNISHED IN DORMANT CONDITION.
New Flowering Shrub from China.  

BEAUTY-BUSH  
(KOLKWITZIA AMABILIS)  

Every succeeding year emphasizes the garden value of this plant for which the descriptive title of Beauty-Bush has been aptly coined. It is a twiggy shrub, growing from 6 to 8 feet tall, with the inner stems erect or ascending and the outer ones arching to the ground, the whole plant forming a dome-shaped mass. The flowers are produced along the whole length of the branches in clusters at the ends of short, leafy shoots. They are tubular with a gaping mouth, deep pink without, stained with yellow-brown on the lower throat and lip.  
The graceful habit of the plant, its free-flowering qualities and pleasing color, combined with perfect hardiness, make this one of the most beautiful, as well as most useful, shrubs that China has given to the gardens of this country, and is destined to become one of the most familiar plants in our gardens. Will do well in full sunshine or partly shaded locations. Nice young plants, 50 cents each; 4 for $1.75.

ALTHEA USED FOR HEDGE  

ALTHEA or ROSE OF SHARON  

It will do well in nearly all locations, except in the extreme cold sections of the northern states. It is a sturdy grower and will flourish where many other shrubs would fail to grow. In season these shrubs are covered with beautiful flowers, some of them double, which range in color from Blue and Purple to Violet and Red. Flesh color and White. A Hedge of Altheas in bloom is a sight never to be forgotten. They remain in bloom from 4 to 6 weeks, and its bright green foliage makes it a beautiful hedge either in or out of bloom.  

If left untrimmed they will make a fine tall screen 6 to 8 feet high. They should be planted 12 inches apart for screen purposes, and about 8 inches when used as a low hedge. They can be kept down as low as 2 feet, with very good results, except that they will naturally produce less bloom as a low hedge, than if left to grow tall. 

Few shrubs will transplant as easily as the Althea, and with as little loss. The plants we are offering will make you a good hedge or screen the second year after planting and will reward you each year many times their original cost. Altheas will do well in almost any soil, but like all other plants, will do best if given good soil. They do not require trimming as often as other hedges. Should be trimmed in spring, before growth starts, to height you wish. Offered only in Single Flowering Plants—Mixed Colors. 

Dozen by mail, postpaid, $2.00. 
Price by Express, 18 to 24-inch plants, 12 for $1.50; 50 for $4.50; 100 for $6.50.

YOU SHOULD HAVE AT LEAST ONE OF THE BEAUTY-BUSH.
Eight Best Hardy Lilies for Summer Blooming

One Each of These Eight Grand Lilies for $2.75

AURATUM (The Golden Raved Lily)—This grand summer flowering sort is now considered Queen of Lilies. It produces its handsome richly colored flowers in large clusters, and blooms profusely. When expanded, flowers measure from eight to ten inches in diameter; are composed of six pure white petals, each of which is distinctly striped the whole length with a clear yellow-golden band and thickly studded with crimson spots. Gracefully formed, delicately fragrant. Large sound bulbs, imported direct from Japan, price 40 cents each; dozen for $4.00.

SPECIOSUM ALBUM—Among the showiest of all Lilies and perhaps the most robust and the most radiant beautiful. Very fragrant and Hardy, with broad, flat stems and immense heads of beautiful white flowers—often fifty flowers in a cluster. Price, 60 cents each; dozen $6.00.

LONGIFLORUM GIANTSMEUM—Japan grown. Widely used for forcing for Easter holidays. Its flowers have more substance and last longer in bloom than the Bermuda Lily. Quite hardy and beautiful in the open ground, blooming in June and July. Flowers snow-white and trumpet-shaped; very fragrant. Price, 40 cents each; dozen $4.00.

DOUBLE TIGER—(Tigrinum fl. pl.) This magnificent Lily is borne in immense clusters on tall stems; the flowers are very large, frequently six inches across, and very double; color deep fiery-red, spotted with black. Price, 50 cents each; dozen $3.00.

SPECIOSUM RUBRUM—One of the most popular and satisfactory of all Lilies; is considered by many as the finest of all Lilies. Flowers are bright crimson and white spotted. Splendid large flowers, borne in clusters; stem two to three feet. Price, 40 cents each; dozen $4.00.

LILY CANDIDUM—Also known as Madonna or Annunciation Lily. Imported by us direct from France. The old-fashioned pure white garden Lily. One of the hardiest flowers, snow-white, with yellow stamens and sweetest fragrance. As spotlessly pure as the Easter, but with broad, widely opened flowers. Tall and stately growing and a sure bloomer. Fragrant. Large bulbs, 30 cents each; 4 for $1.00; 12 for $3.00.

ELEGANS RED—Beautiful vermillion, with a few black spots; overspread with a bright lustre; petals broad and somewhat rounded. Beautifully formed. Each, 40 cents each; dozen $4.00.

HARDY REGAL OR ROYAL LILY—The outside of the flower is white, very faintly tinged with yellow at the base of the trumpet, and with pink at the point. The mid-ribs are purple. The inside shows a bright canary-yellow deep in the throat, shading to pure white. Regal lily bulbs are smaller than other varieties. Price, 50 cents each; 12 for $5.00.

Lily of the Valley

Forced in immense quantities for cut flower work by florists as they are useful in so many different combinations, but their main value in the affection of plant lovers is their hardness and humility. The Lily of the Valley will thrive in any kind of soil and throw up its beautiful, modest, fragrant white bells in the out-of-the-way nooks, the shady spots, the neglected corners, where bolder and more ambitious flowers would scorn to bloom. Will also adapt itself to pot culture in winter, its delicate, permeating fragrance making it especially desirable. Price, 6 for 35 cents; 65 cents per dozen; $4.75 per hundred.

6 Yellow for circle, or the 7 may be of one color. Must be our selection of varieties. Postpaid $1.00.

BRILLIANT COLEUS BED
Coleus is the acknowledged standard bedding plant. A bed of three feet in diameter requires 37 plants set eight inches apart. Same planting for a bed five feet in diameter requires 91 plants. Price, our selection of varieties, $2.25 for a three-foot bed, and $5.00 for a five-foot bed. Plants offered are from two and one-half inch pots.

BED OF MAMMOTH VERBENAS
The Verbena is one of the most desirable bedding plants, blooms freely and constantly, shades of color are almost without limit. Set plants 10 inches apart. We offer 20 plants for a three-foot bed for $1.50 or 40 plants for a five-foot bed for $2.75. This offer is for mixed colors only—from two and one-half inch pots.

SHOWY BED OF SINGLE FLOWERING PETUNIAS
For outdoor decorations there are few plants that excel the Single Petunia. They commence blooming when quite small, and when at their best display a gorgeous effect of flower and foliage. We offer 20 plants (mixed colors) for a three-foot bed for $1.50, or 40 plants for five-foot bed for $2.75.

BRILLIANT BED OF SCARLET SALVIA
Salvias grow in bush form 2 to 2 1/4 feet high. The foliage is dense, forming a mound of vivid green surmounted by blazing red flowers. Salvias should be planted 10 inches apart. We offer nice plants from 2 1/2-inch pots. 20 plants for a three-foot bed, $1.50; 40 plants for a five-foot bed, $2.75.

HARDY FERNS

These are very useful for growing close to houses and in corners which are too shady for other plants. Most ferns do best in a light soil containing much vegetable matter, and it is always best to work a considerable amount of leaf mould into the soil of a fern bed. While few ferns grow well in very dry soil, the common notion that they require very wet or almost swampy conditions is not well founded.

While the native ferns are, of course, perfectly hardy, most of them are better off with a light covering of leaves in winter. In their natural habitat, they are usually well covered with leaves and snow throughout the winter.

We offer only the most popular varieties. One each of the 3, postpaid, for $1.00.

CHRISTMAS FERN—It is one of the very best species for growing as an individual specimen and ranks with the Ostrich and the Osmundas in size and vigorous beauty. Plant the crown level with the surface and if massed effects are desired, 15 inches apart. Each, 35 cents; twelve for $3.50.

OSTRICH FERN—(Onclea Struthiopteris.) Growing in a crown, fronds 2 to 4 feet by 6 to 10 inches wide; a very erect, handsome species, graceful as a palm. Use lots of manure, leaf mold or well rotted peat and it will multiply by underground runners, especially so in moist, sandy or peat soil. Plant crown level or one-fourth of an inch above surface and mulch in winter. Its vase-like masses of foliage are dark green and it is one of the tallest of our ferns and should be planted well back. Price, 35 cents each; twelve for $3.50.

INTERRUPTED FERN—(Osmunda Claytoniana.) A large fern growing in a crown 2 to 3 feet high, 8 inches broad, clothed with rusty wool when young, very beautiful, climax fern. Does well under cultivation in high, shady or open places. Price, 40 cents each; twelve for $4.00.
PLANT A PRIVET HEDGE FENCE

It will cost you less than the cheapest fence you can build.
It will outwear the best fence you can build.
It will look better than any fence you can build.

Ibolium Privet

If California Privet were hardy everywhere, there would be no need of any new variety of Privet. In spite of the fact that California Privet freezes down occasionally, it has become the most popular hedge plant.

The Ibolium Privet however combines all the good qualities of the California Privet with perfect hardiness, making it the best Privet hedge plant on the market today.

It has shiny deep green leaves, holds them till late in the winter, does well in all kinds of soil and in all kinds of locations, grows rapidly and is perfectly hardy.

PRICES OF IBOLIUM PRIVET

We offer plants, 18 to 24 inches high, by mail, postpaid, $2.00 per doz. By express, 25 for $2.50; 100 for $8.00.

California Privet

There are many plants that can be used with satisfactory results for hedges but the great demand for California Privet proves it to be the most popular of all hedges. When we stop to consider that its cost is trifling when compared with either wood or iron fences and that it will outlive either, the reason for its increased popularity becomes apparent. California Privet can be planted in either single or double rows and should be planted 8 inches apart. 100 plants will make a fence 66 ft. long and using our 12 to 18 inch size would cost only $5.00. The California Privet will hold its leaves thru most of the winter months and can be trimmed to any desired shape. When compared to a mechanical fence of any kind it is a comparison of the living with the dead as your wood and iron fence will rot down whereas the privet will become more beautiful each year. We have had a very favorable growing year and have a better stock of California Privet this year than ever before. Plant a hedge of these and you will never regret it.

PRICES OF CALIFORNIA PRIVET

Price by mail, 12-18 in., 15c each; $1.50 per doz., postpaid; 18-24 in., 20c each, $1.75 per dozen, postpaid. Prices by express, 12-18 in., $5.00 per 100; 18-24 in., $6.50 per 100; 2-3 ft., $8.50 per 100.

JAPANESE BARBERRY (Thunbergii)

For a low growing dense hedge, there is nothing that will equal this plant. It is absolutely hardy, makes quick growth and compact row. The leaves appear early in spring and their bright green color is refreshing and pleasing after a long winter of cold and gloom. In early fall the leaves turn to scarlet and the fruit ripens a bright red, making it a thing of beauty the entire year.

PRICES OF JAPANESE BARBERRY

Price 12-18 in., 25c each; $2.00 per dozen, postpaid. If sent by express, 12-18 in., 25 for $3.50, 100 for $12.00, 18-24 in., 25 for $5.00, 100 for $18.00.

GRAPES

Grapes can be easily trained over fences, buildings, arbors, summer-houses, pergolas, etc., and in this way are ornamental as well as useful. The enemies of the grape vine and fruit are very few and can be easily kept in check.

PRICE—Extra Strong Vines, 30 cents each, 10 for $2.50, 25 for $5.75, postpaid. One each of the set of four for $1.10.

CONCORD—From sheer merit the Concord has become the most popular grape in the United States. Taking the country as a whole, more Concordes are now in bearing than of any other variety. No other grape succeeds over such a wide area or in so many different soils. It is the standby in grapes. New varieties may come, but they have to work hard to reach the Concord standard for market purposes. Matures early, keeps well, ships well and sells well. Bunches big, berries are juicy, sweet, and delicious. Concord overcomes local grape troubles and is safe to plant.

BIG BARGAIN OFFER IN 10 CHOICE YOUNG GRAPE VINES FOR $1.00

We have in stock a very large lot of fine one-year-old grape vines. Now is your chance to start a grape arbor at the ridiculous price of only $1.00.

This collection will be made of 5 Concord, 2 Niagara and 3 Wyoming. (For description, see above list.) This collection will not be changed, but must be taken entire.

SULPHO-TOBACCO SOAP
A WONDERFUL INSECT PEST EXTERMINATOR

Unsurpassed for quickly exterminating all insect life on plants and flowers in and out of doors; excellent for Rose bushes, shrubs, etc. This popular insecticide never fails to give satisfaction, and is cheap, effective, clean, harmless and non-injurious to the tenderest growth. It also acts as a valuable fertilizer, reviving plant life. For domestic purposes it rids the house of cockroaches and is a valuable wash for dogs and all animals. Prevents poultry lice. You cannot afford to be without Sulpho-Tobacco Soap if you desire to be successful in plant culture. A trial will give highly gratifying results.

5-oz. Cake, sufficient for 1/2 gallons prepared solution, mailed postpaid, 15 cents. 5-oz. Cake, sufficient for four gallons prepared solution, mailed postpaid, 30 cents.

“Watch-Em-Grow” Plant Food
Highly Concentrated, Clean, Odorless, Soluble, Quick-Acting, Well Balanced, Dependable

Makes Sick Plants Well and Well Plants Better

Are your house plants as nice and healthy as you would like them to be? If not, it is doubtless because you are not feeding them Watch-em-Grow. Contains just the elements required for a well balanced plant food.

You can have a better garden or better house plants if you will keep a can of our own Watch-em-Grow Plant Food on hand to use at planting time and for watering house plants. Directions on each can. Large 8-ounce can will make 25 gallons or 200 1/2-pint applications. Price, 50 cents.

Stim-U-Plant
MAKES A WONDERFUL GARDEN A PLANT FOOD IN TABLET FORM
THE IDEAL YEAR-ROUND FEEDING METHOD

Feed your plants as you feed yourself. Do not give them breakfast, dinner and supper at one time, for an overfed plant gets indigestion and is harder to get back to healthy growing conditions again than one that has been underfed. Plants in pots, especially when growing vigorously, soon use up the nourishment that is in the soil, therefore, to keep your plants healthy, feed them about every ten days or two weeks and avoid the error of feeding too much at one time.

STIM-U-PLANT TABLETS are an ideal food for potted plants. They are clean, they take up small space and one-quarter of a tablet is enough to use at a time on small plants.

EASY TO USE

Simply insert the tablet about one and one-half to two inches below surface of soil at the roots, where it dissolves and produces the qualities which mean the same to a plant as blood does to a human being.

Price, postpaid: 30 tablets, 25 cents; 100 tablets, 75 cents; 1,000 tablets, in bucket, $3.50.

MAGIC “EZ” WEEPER

THREE TINES. BEST QUALITY NO. 81/2 STEEL WIRE. NICELY TINNED. LENGTH, 9 IN. WEIGHT, 41/2 OUNCES. BLACK ENAMELED HANDLE

The best garden tool on the market. It does the work with half the labor, saving both time and strength. The tines are formed so as to enter the ground the same as a garden plow lifting and pulverizing the soil, loosening and rendering friable, thus subserving moisture so essential to the rapid growth of young plants.

PRICE, 25 CENTS EACH, POSTPAID.

SUPERIOR FLOWER SEEDS

GENERAL CULTURAL DIRECTIONS—Most flower seeds germinate well in fine, sandy loam, partly protected from the sun. Heat and moisture are the two essential points to start life in seeds. A general and fatal error is to start the seed too deep; small seeds should be sown on the surface; large seeds by about half an inch. After sowing, the ground should be watered with a very fine sprinkler regularly. Many seeds are killed by drought.

**SPINACH**

(Thick Leaved)

Nearly everyone likes succulent green vegetables in early spring. If you have not sown Spinach in your garden here-tofore, why not try it this year. It is the easiest and quickest way to a crop of "greens." Packet, 5 cents; ounce, 15 cents; $1/4-lb, 40 cents.

**NEW ZEALAND SPINACH**

It furnishes an abundance of delightful "greens" throughout the summer and right up to cold weather. Both the leaves and the stalks of the plant are very fleshy and extremely brittle and of the finest quality when cooked. Pkt 10c.
SWISS CHARD LUCULLUS

The plants grow to a height of two to two and one-half feet. The stalks are as thick and broad as those of Rhubarb, being one and one-half inches broad, heavily ribbed and from ten to twelve inches long below the leaf. These stalks are delicious when cooked and served in the same manner as Asparagus. The extra large leaves are sharply pointed at the top, while the texture is heavily crumpled or "sawed," more crisply tender and of finer flavor. The leafy portion of the foliage is cooked and served in the same manner as the greens. The leaves and stalks served as separate vegetables afford two distinct dishes from the same plant at one time. Per packet, 5 cts.; ounce, 25 cts.

BRUSSELS SPROUTS, or MINIATURE CABBAGE

If more widely known, the Brussels Sprout would be as popular as it is valuable; few people appreciate its full worth as a winter vegetable. The small cabbages grow on stalks in great profusion. It is not the least affected by frost, and equal to cauliflower in flavor. Per packet, 5c.; oz., 35c.

WATERMELONS

ALABAMA SWEETS—Large, dark green Melons of oblong shape and fine quality; skin faintly netted with lighter green, rind smooth, firm, and a bright red color. Very tender and sweet. Sweetheart remains a long time in good condition after being ripe. Pkt., 5c.; oz., 15c.; 1/4-lb., 40c.

SWEETHEART—Grown largely in the South. The Melons ripen evenly, the vines are vigorous and bear many Melons of splendid size. Oval, very heavy, and with a rind which is very thin but firm. In color it is a light green, slightly veined with a darker shade. The flesh is a bright red, very tender and sweet. Sweetheart remains a long time in good condition after being ripe. Pkt., 5c.; oz., 15c.; 1/4-lb., 40c.

COLE’S EARLY—Very hardy; a sure cropper for Northern states. Delicate in texture of flesh, which is thin, rind green, striped with lighter shades, thin and very brittle; of medium size, and nearly round; matures early; especially good for home use. Pkt., 5c.; oz., 15c.; 1/4-lb., 40c.

KLECKLEY SWEETS—The melons are very large, oblong in form, with dark green skin, thin rind, which is very brittle. Flesh is bright scarlet, with solid heart, deliciously crisp, sugary and splendid in every way. Ripens early, and is most desirable for the home garden. Packet, 5 cts.; ounce, 15 cts.; 1/4-lb., 40c.

VELVET LAWN GRASS MIXTURE

Nothing adds more to the attractiveness of a home than a well-kept lawn, and is an excellent return for the little care required. A mixture of grasses that ripen successively, thereby always presenting a fresh green and cheerful appearance. Lawns sown with only one or two grasses turn brown under our hot sun, and remain in that condition until the cool months of autumn revive them. Our mixture can be relied upon to produce the best results. Price, pound, 60 cts.; 100-lb., postpaid. By express, 5 pounds or more, 50 cts. per pound.

SHADY PLACE LAWN GRASS

Usually it is quite difficult to obtain a satisfactory growth of grass under trees and in shady places; for sowing in such places we recommend the use of this special mixture. The grasses used in making this special mixture are only those that are well adapted for growing in shade. Price, 75 cts. per pound, postpaid. By express, 5 pounds or more, 60 cts. per pound. A pound of grass seed is about one and one-third quart.
